### Comments

Comment by [Ramakrishna Gundala](#) [ Thursday, 3 Feb 2011 04:16 PM ]

<https://cabig-kc.nci.nih.gov/CTMS/forums/viewtopic.php?f=17&t=387&sid=371b9cc512cdc863155162b5d2bed82a>

The reason being when a user tries to create a duplicate registration, i.e. same study and subject at first, runs into 'subject already registered on this study error' and then selects another subject the subject eligibility answers, stratification answers are added twice.

### Description

- User logs in as duke-user-admin3/Hello-12
- User is in the role of user admin role only
- User adds a new user with no role
- User edits this user and adds data importer role and clicks save
- User then edits this user again and unchecks the data importer and clicks save
- When user edits again, the data importer is still checked
- User checks biz admin role and unchecks the data importer role and clicks save
- On editing user the data importer role is unchecked
- c3pr seems to hold on to the last role of the user

### Description

1. with super user role create a research staff for a particular organization, also create a user for the same organization with user administrator role.
2. Log in as user administrator role and select the research staff created and try to add user role to the research staff

Current result : When the user try to add user role, the UI is not showing role to be picked.

### Description

1. Create a study with book randomization.
2. try to insert book and click "upload book randomization"

Current result : A message box appears with the message " A server error occured"

### Comments

Comment by [Wesley Wiggins](#) [ Friday, 28 Jan 2011 12:56 PM ]

Can you reproduce this and attach the c3pr.log?

Wes

Comment by [Kavitha Thulasiraman](#) [ Friday, 28 Jan 2011 01:04 PM ]

Now, I can't able to reproduce the error.

Comment by [Ramakrishna Gundala](#) [ Sunday, 30 Jan 2011 02:21 AM ]

The position, stratum group and arm name should be comma separated like  
0,0, Arm A  
0,1,Arm B

Even when I entered them in incorrect format, I couldn't reproduce the server error. The application only says 'incorrect format. Please try again. ' as shown in the screen shot.

## Comments

Comment by [Ramakrishna Gundala](#) [ Sunday, 30 Jan 2011 02:27 AM ]

Unable to reproduce this on postgres as the application correctly catches that there is a duplicate arm (i.e. another arm with same name).

Have to test on Oracle

### Description

1. Create a user with role registrar.
2. Log in as the created user.

Current Result : Registrar has access to reports and P & O

### Comments

Comment by [Wesley Wiggins](#) [ Friday, 21 Jan 2011 12:02 PM ]

This is expected. A registrar has read-only access to subjects and also should have access to advanced search, which provides access only to the data for which the user is authorized.

Wes

Comment by [Kavitha Thulasiraman](#) [ Tuesday, 25 Jan 2011 12:55 PM ]

Not a valid bug. So I am closing the bug

## Separate the Staff from the User ([CPR-2260](#))

↳ [CPR-2305] **Person/User - search by user name only works when the enter the full user name** Created: Friday, 21 Jan 2011 Updated: Thursday, 17 Feb 2011 Resolved: Thursday, 17 Feb 2011

### Description

- User is logged in as UA@NC010 : duke-user-admin2/Hello-12
- User is in create user screen
- User is trying to create a study creator belonging to NC010.
- The org is a dropdown with only NC010 listed
- However the add button is inactive
- Hence org for study creator cannot be added.

cpr-2289 temporary fix. Needed to fix in the domain layer

Comment by [Kavitha Thulasiraman](#) [ Tuesday, 8 Feb 2011 10:48 AM ]

This issue is fixed in RC1 tag.

## Separate the Staff from the User (CPR-2260)

↳ [CPR-2283] [Search by Username in Person/User](#) Created: Wednesday, 12 Jan 2011 Updated: Monday, 31 Jan 2011 Resolved: Sunday, 30 Jan 2011

Status:	Closed
Project:	<a href="#">C3PR</a>
Component/s:	<a href="#">Core</a> , <a href="#">Web</a>
Affects Version/s:	None
Fix Version/s:	<a href="#">Sprint 33 - 01/2011</a>

Type:	Sub-Task	Priority:	Minor
Reporter:	<a href="#">Kavitha Thulasiraman</a>	Assignee:	<a href="#">Wesley Wiggins</a>
Resolution:	Fixed	Votes:	0
Labels:	None		
Remaining Estimate:	Not Specified		
Time Spent:	Not Specified		
Original Estimate:	Not Specified		
Environment:	OS - Windows Browser - Firefox 3.6.13		

Status:	Closed
Ranking:	580

### Description

1. Click P & O --> Person/User
2. Enter two letter "tk" in the user name and hit search

Search doesn't give any result

Now Enter "tka" and hit "search"

Now the search result displays 1 record

User name search works only if the user enter minimum 3 letters.

Issue Links:	<b>Supports</b>		
	supports	<a href="#">CPR-2260</a>	Seperate the Staff from the User
Status:	Closed		
Ranking:	574		

### Description

When user enters search terms and hits 'Enter', instead of clicking 'Search', the search is not triggered.

Expected: Hitting 'Enter' causes search to start

Actual: Hitting 'Enter' causes in-progress icon to spin but no search results are ever returned

### Comments

Comment by [Vinay Gangoli](#) [ Monday, 31 Jan 2011 11:57 AM ]

Fixed, but note that selecting an org from the auto-completer and hitting enter is the one scenario where the search wont run.

### Description

- User is logged in as c3pr\_admin
- 1. User is in Advanced Search>> registration tab.
- 2. User searches for registration by Off study date after 10/01/2010 and before 10/02/2010
- 3. User clicks on search registration.

### Expected

Registrations with Off study date after 10/01/2010 and before 10/02/2010 are shown Error

Actual: OOps page is shown

Status Code 500

Exception Type class org.springframework.web.util.NestedServletException

Message Request processing failed; nested exception is java.lang.Exception: unexpected end of subtree []; nested org.hibernate.hql.ast.QuerySyntaxException: unexpected end of subtree []

### Description

- User is in Amend Study flow
- User give Amendment Date prior to study's Open Date

Expected behavior:

Message displayed in the UI that says amendment date may not be prior to study Open Date

Actual Behavior:

Amendment Date prior to Open Date can be entered.

Upon clicking Apply Amendment, the below error is thrown

Status Code 500

Exception Type class org.springframework.web.util.NestedServletException

Message Request processing failed; nested exception is edu.duke.cabig.c3pr.exception.C3PRCodedRuntimeExce

**Description**

- User is logged in as c3pr\_admin / c3pr\_admin
- User has an open study: Primary identifier:H-13149 (Baylor College of Medicine Cell and Gene Therapy)
- User is in manage study flow>>personnel
- The site is defaulted to TX041-146 study site
- User gets error pop up
- See screenshot
- c3pr.log is attached.

### Description

- User is logged in as c3pr\_admin / c3pr\_admin
- User has an open book randomized study with id: kts-br-1
- User goes to manage study flow and tries to add study site NC010
- Following error message is shown
- See screenshot
- update---

This is reproducible if you try to add study site NC010 [CC is NC010]  
 I was able to add MN026 without issues.

HTTP Status 500 -

type Exception report

message

description The server encountered an internal error () that prevented it from fulfilling this request.

## Comments

Comment by [Wesley Wiggins](#) [ Wednesday, 17 Nov 2010 10:52 AM ]

This is happening for all of the Study Type searches I ran on Kavitha's data dump (postgres qa).

Comment by harsh [ Tuesday, 23 Nov 2010 08:17 PM ]

Integrated in c3pr-continuous-postgres #3269 (See

<http://tools.semanticbits.com/hudson/job/c3pr-continuous-postgres/3269/>

cpr-2229

Comment by harsh [ Tuesday, 23 Nov 2010 08:32 PM ]

Integrated in c3pr-continuous-oracle #1896 (See <http://tools.semanticbits.com/hudson/job/c3pr-continuous-oracle/1896/>)

cpr-2229

Status:	Closed
Ranking:	673

### Description

In v2.9.1, the eligibility waiving works fine with some minor issues:

1. The operation (procedure) is a little bit tricky
2. Only inclusion questions capture reason and Id
3. You can change the answer even an exclusion question has been waived

Reported by  
Zhidan Feng  
UAMS

reported by  
Zhidan Feng  
UAMS

### Comments

Comment by [Kavitha Thulasiraman](#) [ Tuesday, 2 Nov 2010 09:38 PM ]

This is a bug.

Manage Registration subject search shows invalid subject in QA (2.9.3 M1 tag)

Comment by IyerKar [ Friday, 28 Jan 2011 05:35 PM ]

The correct behavior is that once registration is invalidated, the subject can show up on the auto-suggest in manage registration. However that particular invalid registration is not shown.

### Description

IRB approval date must be less than one year but we have some very OLD studies.

reported by  
Zhidan Feng  
UAMS

### Comments

Comment by [Wesley Wiggins](#) [ Tuesday, 2 Nov 2010 02:39 PM ]

Perhaps we can relax this constraint and display a warning if someone selects an IRB approval date > one year old.

Wes

Comment by [Ramakrishna Gundala](#) [ Wednesday, 9 Feb 2011 03:49 PM ]

This is relaxed in the release 2.9.3 rc1. The application accepts a study site IRB approval date older than 1 year and also creation of registration at this study site is permitted in the UI with a warning that IRB expired.

Comment by [Wesley Wiggins](#) [ Wednesday, 10 Nov 2010 04:00 PM ]

Expected behavior: User sees all subjects he's authorized to access. In effect, this is the same as a wild card search.

**Measure performance of Subject Management service and client and make improvements where applicable (Mayo). (CPR-2142)**

### Description

- 1. Click Registration --> Manage Registration.
- 2. Enter "%%%" and without selecting any value from the dropdown hit Enter.
- 3. Bug page appears.

### Comments

Comment by [Ramakrishna Gundala](#) [ Wednesday, 13 Oct 2010 03:20 PM ]

A study\_subjects table entry is referring to a study\_investigators entry which is non-existent. This is because the Study Investigator was deleted after being assigned as an enrolling physician in a registration. I added a constraint which should not allow you to do this now. We have to fix this problem case by case for existing data.

Please run this script on db.

```
insert into study_investigators(id,version,hsi_id,role_code,status_code,sto_id,retired_indicator)
values (119,1,853 ,Site Investigator','AC',229 ,false');
```

Comment by [Kavitha Thulasiraman](#) [ Wednesday, 13 Oct 2010 03:28 PM ]

Verified.

Integrated in c3pr-continuous-postgres #3125 (See  
<http://tools.semanticbits.com/hudson/job/c3pr-continuous-postgres/3125/>)

CPR-2110: refactoring; updated Study Utility service to also use common SecurityExceptionFault.

CPR-2110: refactoring; security-related fault has been moved into Common.xsd; SM service and tests updated.

Comment by harsh [ Thursday, 30 Sep 2010 12:25 PM ]

Integrated in c3pr-continuous-oracle #1776 (See <http://tools.semanticbits.com/hudson/job/c3pr-continuous-oracle/1776/>)

CPR-2110: upgraded client code to work with the latest Subject Management implementation.

CPR-2110: in preparation for the client code upgrade to work with latest SM service, moved MS ADFS-specific settings into applicationContext\_ADFS.xml, and restored original generic version of applicationContext.xml. Context-switching can be done without code changes by passing a property to the Client.class with context file name, e.g. "-Dcontext=applicationContext\_ADFS.xml".

CPR-2110: refactoring; updated Study Utility service to also use common SecurityExceptionFault.

CPR-2110: refactoring; security-related fault has been moved into Common.xsd; SM service and tests updated.

### Description

- User is logged in as registrar@duke.
- duke-registrar987 / Hello-12
- User is associated to study kts-987.1
- Study is open on site NC010
- User is unable to search study in create registration flow

### Comments

Comment by IyerKar [ Wednesday, 8 Sep 2010 10:43 AM ]

This issue was occurring because during amend of study, the study ID was changed. This was allowed since I logged in as super user. once amended study ID was changed back to original study ID, things worked fine.

Summary:

C3PR throws canned "oops error" mesage upon clicking Continue

Detailed description

C3PR throws canned "oops error" mesage when user clicks Continue after receiving the message that a Subject

is already registered on a study.

Steps to recreate:

- 1) Create study
- 2) create subject
- 3) Associate subject with study
- 4) User repeats step 3 not realizing they already associated the subject with the study.
- 5) Error returned that subject associated with the study.
- 6) Choices are to click Save or Continue.
- 7) Click Continue and C3PR throws canned "oops error" message

Log errors below

### Description

[http://gforge.nci.nih.gov/tracker/?func=detail&atid=1755&aid=29372&group\\_id=368](http://gforge.nci.nih.gov/tracker/?func=detail&atid=1755&aid=29372&group_id=368)

SUMMARY: When user re-enters the C3PR login URL after they mistakenly entered an invalid userID causing the "oops we thought we squashed that bug" error, the same error message will be displayed.

DETAILED Steps to recreate:

In FIREFOX v3.6.8

- 1) <https://clinicaltrialssuite-qa2.nci.nih.gov:8443/c3pr>
- 2) enter an invalid userID that does not exist
- 3) "Oops! We thought we squashed that bug" error message displayed
- 4) user decides to go back and reenter the original url to enter the correct userID.  
<https://clinicaltrialssuite-qa2.nci.nih.gov:8443/c3pr>
- 5) same error returned: "Oops! We thought we squashed that bug"

Following error message details also available on the GUI

Sender: Steven Young

Note: "Invalid userID" means, the userID was created in GAARDS, however it had not yet been created within C3PR and given user roles.

Comment by [Wesley Wiggins](#) [ Tuesday, 17 Aug 2010 11:39 AM ]

Vinay,

We should at least handle this like caAERS does and display a properly formatted C3PR Oops page with the Log Out link at the top right of the page.

Thank you,

Wes

- duke-supl-study-info-mgr / Hello-12
- User is supposed to have RU on create study>> Eligibility, Stratification, Randomization, Diseases
- The edit study action is not shown in the study summary page and user cannot perform these actions.

### Comments

Comment by [Wesley Wiggins](#) [ Monday, 23 Aug 2010 11:56 AM ]

Karthik,

Was this a pending study?

Wes

Comment by [Wesley Wiggins](#) [ Monday, 23 Aug 2010 01:24 PM ]

Supplemental Study Info Manager should only be able to update if study is "Pending".

Wes

Comment by [IyerKar](#) [ Wednesday, 10 Nov 2010 05:54 PM ]

Issue is fixed and closed

### Description

Log in as user rk\_su\_in\_ma/C3pr123!

This user by virtue of Study Team manager role on Wake Forest (NC002), has access to all research staff persons associated to Wake. But when he searches for research staff from Manage Research page, he is able to see a research staff person Daisy Green, who is only associated to Karnataka University.

### Comments

Comment by [Vinay Gangoli](#) [ Tuesday, 21 Sep 2010 04:55 PM ]

Tried reproducing this but was unable to. Will keep an eye out for it in future. Resolving it so QA can verify and close.

### Comments

Comment by [MANAV KHER](#) [ Tuesday, 3 Aug 2010 01:56 PM ]

Hi Wes,

I didn't group person and org info manager and user admin role because user admin is site specific while p &o manager is global role. Please test research staff creation thoroughly since i have made few changes in the way roles are associated.

Thanks,

Himanshu

<b>Ranking:</b>	400

### Description

- Select role(s) for an organization, click Save
- Deselect all roles for that organization and click Save

Actual behavior: After clicking Save, the old roles are still selected

Expected behavior: After clicking Save, no roles are selected for that organization

**[CPR-2036] [Study search results incorrect for data reader](#)** Created: Thursday, 29 Jul

2010 Updated: Saturday, 31 Jul 2010 Resolved: Friday, 30 Jul 2010

Status:	Closed
Project:	<a href="#">C3PR</a>
Component/s:	<a href="#">Web</a>
Affects Version/s:	<a href="#">Sprint 27 - 07/2010</a>
Fix Version/s:	<a href="#">Sprint 27 - 07/2010</a>

Type:	Bug	Priority:	Blocker
Reporter:	Anonymous	Assignee:	Unassigned
Resolution:	Fixed	Votes:	0
Labels:	None		
Remaining Estimate:	Not Specified		
Time Spent:	Not Specified		
Original Estimate:	Not Specified		
Environment:	version: c3pr v. 2.9.1_M3 postgres qa IE 7		

Status:	Closed
Ranking:	335

**Description**

- User is logged in as data reader@duke
- duke-data-reader / Hello-12
- This is a study+site scoped role
- Issue : login as this user
- In report >>study, user searches for all studies
- Some results are shown, but study: karthik test study 23 is not shown
- This study has duke as CC

**[CPR-2030] When a "STUDY SITE STATUS CHANGED EVENT" is configured and new study site is created say from study details page, constraint violation error is thrown**

Created: Wednesday, 28 Jul 2010 Updated: Friday, 10 Dec 2010 Resolved: Wednesday, 28 Jul 2010

Status:	Closed
Project:	<a href="#">C3PR</a>
Component/s:	None
Affects Version/s:	<a href="#">Sprint 27 - 07/2010</a>
Fix Version/s:	<a href="#">Sprint 27 - 07/2010</a>

Type:	Bug	Priority:	Critical
Reporter:	<a href="#">Ramakrishna Gundala</a>	Assignee:	<a href="#">Ramakrishna Gundala</a>
Resolution:	Fixed	Votes:	0
Labels:	None		
Remaining Estimate:	Not Specified

Original Estimate:	Not Specified		

Status:	Closed
Ranking:	365

### Description

When "STUDY\_SITE\_STATUS\_CHANGED\_EVENT" notification is configured, the application should try to send a notification only when an existing study site changes status and now when a new study site is created.

This is resulting in a constraint violation exception when the new scheduled notification is flushed first (as it happens from the interceptor code) without the study site row being created in the database.

- User is shown error page as shown in screenshot
- logs attached

### Comments

Comment by [Ramakrishna Gundala](#) [ Wednesday, 28 Jul 2010 12:00 PM ]

This is due to bad data when consent was not set in study subject consent version object way back in feb/march. This can be concluded based on the study\_subject\_id which is 70/120.

This bug will not come in recent registrations.

Comment by [Ramakrishna Gundala](#) [ Wednesday, 28 Jul 2010 03:50 PM ]

Closing as this is being caused by bad data

### Description

- User is logged in as c3pr\_admin
- User is in create research staff flow
- User chooses org as Duke University Medical Center (NC010)
- After this it is not possible check the roles of User administrator , Supplemental study information manager etc

### Comments

Comment by IyerKar [ Friday, 16 Jul 2010 04:16 PM ]

Here is how to reproduce on IE 7:  
 1> go to create research staff flow  
 2> Choose organization as NC010 and select duke university using the mouse  
 3> Now User admin check box is not editable

### Description

- user is logged in as c3pr\_admin
- User is in manage study flow for karthik test study 25
- User clicks on personnel tab
- User chooses site duke university medical center
- User expects to see duke registrar33 in the list
- After about a minute the following pop up is shown
- See screenshot

### Comments

Comment by [Vinay Gangoli](#) [ Friday, 16 Jul 2010 10:45 AM ]

I have fixed this (and the performance issue). But please test more scenarios of this use case before closing.

e.g: logging in as study team admin from coordinating center, as study team admin who has access to all sites but whose site isn't on the study etc

Comment by IyerKar [ Monday, 19 Jul 2010 12:40 PM ]

Tested the following as per Vinay's Comments:

1> duke-study-team-admin belongs to CC and assign study personnel to karthik-test-study-23 – OK

2> hmc-study-team-admin belongs to org Hospital Militar Central - 02002 - which not on study karthik-test-study-23 – OK

Comment by IyerKar [ Monday, 19 Jul 2010 01:43 PM ]

Hi Vinay,

If above tests are sufficient please close bug.

Thanks

**[CPR-1989] [When a user is created with multiple roles \(13 different Roles\) - the UI is not showing all the roles, the roles are hidden.](#)** Created: Tuesday, 13 Jul 2010 Updated: Tuesday, 20 Jul 2010 Resolved: Wednesday, 14 Jul 2010

### Description

When a user is created with multiple roles (13 different Roles) - the UI is not showing all the roles, the roles are hidden.

Attached screen shot shows this behavior

### Comments

Comment by [MANAV KHER](#) [ Wednesday, 14 Jul 2010 01:16 PM ]

Resolved, we are showing super user as role instead of listing all 13 roles now

Comment by [Kavitha Thulasiraman](#) [ Tuesday, 20 Jul 2010 10:43 AM ]

**Description**

Create a registration by entering values for subject and study , save and continue  
 enter informed consent, save and continue  
 navigate back to subject and study.

Now Save /Save and continue button is disabled in the Subject and Study and the user can't able to navigate to any page in the create registration page.

**Comments**

Comment by [MANAV KHER](#) [ Wednesday, 14 Jul 2010 03:22 PM ]

please provide scenario, I am not able to reproduce this bug with steps given

Comment by [Kavitha Thulasiraman](#) [ Friday, 16 Jul 2010 11:41 AM ]

not reproducible

### Description

<https://cabig-kc.nci.nih.gov/CTMS/forums/viewtopic.php?f=17&t=321&sid=75bcb811311561c4cf0fe6b36e5ae5>

- I was able to reproduce this issue
- Here is the scenario I tested:
- Pulled up registration record for subject: gavin king,
- study: karthik test study 23
- This registration is in enrolled status.
- The Enrolling physician: Mbea Akilu is deactivated in Manage study>> investigators
- The following error page is shown
- The same error was thrown even after the above subject was taken off study.

## Comments

Comment by [Ramakrishna Gundala](#) [ Thursday, 15 Jul 2010 05:40 PM ]

Fixed the number format exception. Unable to reproduce the bug after that. I could deactivate a study investigator, who is already assigned as an enrolling physician to a subject in a registration.

Cannot reproduce

Comment by [Kavitha Thulasiraman](#) [ Wednesday, 14 Jul 2010 05:29 PM ]

This is a requirement that has to be clarified. Can you please verify this?

Comment by [Kruttik Aggarwal](#) [ Thursday, 15 Jul 2010 04:22 PM ]

No they should not have access to Target Accrual in Manage Study

Comment by [Kavitha Thulasiraman](#) [ Friday, 16 Jul 2010 11:22 AM ]

The role can able to access target accrual in manage studies.

Attached is the snapshot.

Comment by [Kruttik Aggarwal](#) [ Friday, 16 Jul 2010 02:41 PM ]

I am sorry, I got confused. The role has access to target accrual for sites on the sites page.

There is another accrual number that is for the study at the study level and for that, the Study Team Administrator does not have access.

### Description

Study Team Administrator should able to create and manage Investigator groups

### Comments

Comment by [Kruttik Aggarwal](#) [ Wednesday, 14 Jul 2010 04:05 PM ]

Study Team Admin can only read investigators and research staffs

Comment by [Kavitha Thulasiraman](#) [ Wednesday, 14 Jul 2010 05:27 PM ]

Is it the same with investigator groups?

Comment by [Kruttik Aggarwal](#) [ Friday, 16 Jul 2010 10:44 AM ]

Study Team should only be able to read/search investigators and groups. They cannot create investigators or groups.

Comment by [Kavitha Thulasiraman](#) [ Friday, 16 Jul 2010 10:47 AM ]

Won't Fix

## Comments

Comment by [MANAV KHER](#) [ Thursday, 15 Jul 2010 10:01 AM ]

I tried reproducing this issue 4-5 time, I am not able to reproduce it, karthik please test it again, if it doen't come for you as well reduce the priority

Comment by [IyerKar](#) [ Thursday, 15 Jul 2010 10:59 AM ]

Hi,

I was unable to reproduce this as well. Reducing priority and assigning to you.

Comment by [Ramakrishna Gundala](#) [ Thursday, 15 Jul 2010 05:48 PM ]

Not able to reproduce

Comment by [Ramakrishna Gundala](#) [ Wednesday, 4 Aug 2010 09:56 AM ]

not able to reproduce

Comment by [Kavitha Thulasiraman](#) [ Thursday, 26 Aug 2010 10:30 AM ]

verified by creating a new subject and editing the subject.

**[CPR-1948] Study - Amendment with amendment type "optional" is not optional while registering a subject.** Created: Wednesday, 23 Jun 2010 Updated: Sunday, 9 Jan 2011 Resolved: Thursday, 8 Jul 2010

Status:	Closed
Project:	<a href="#">C3PR</a>
Component/s:	None
Affects Version/s:	<a href="#">Sprint 27 - 07/2010</a>
Fix Version/s:	<a href="#">Sprint 27 - 07/2010</a>

Type:	Bug	Priority:	Major
Reporter:	<a href="#">Kavitha Thulasiraman</a>	Assignee:	<a href="#">MANAV KHER</a>
Resolution:	Won't Fix	Votes:	0
Labels:	None		
Remaining Estimate:	Not Specified		
Time Spent:	Not Specified		
Original Estimate:	Not Specified		

Status:	Closed
Ranking:	376

### Description

1. click Manage Study and search for a open study.
2. Amend the study - select amend type as optional and amend the eligibility criteria.
3. Register a subject for the study, while registering the subject the answers selected for eligibility criteria is left blank.

Expected Result : Subject is registered to the study.

Current Result : Users are warned that the subject is ineligible for registration,

### Comments

Comment by [Wesley Wiggins](#) [ Thursday, 8 Jul 2010 11:14 AM ]

Kavitha,

"Optional" refers to whether or not the amendment must be applied at a site. It does not mean that capturing the particular data element you select, such as Eligibility Criteria, is optional at the time of registration. Let me know if you need to discuss this further.

Wes

<b>[CPR-1939] <a href="#">Unable to import registrations in Admin page</a></b>	
Tuesday, 13 Jul 2010	Resolved: Tuesday, 13 Jul 2010

Verified and closed.

**[CPR-1938] [Error while searching Search Registration Reports for Study](#)****[Criteria and Registration Criteria](#)**

Created: Wednesday, 16 Jun 2010 Updated: Thursday, 26 Aug 2010 Resolved:

Tuesday, 3 Aug 2010

Status:	Closed
Project:	<a href="#">C3PR</a>
Component/s:	None
Affects Version/s:	None
Fix Version/s:	<a href="#">Sprint 28 - 08/2010</a>

Type:	Bug	Priority:	Major
Reporter:	<a href="#">Kavitha Thulasiraman</a>	Assignee:	<a href="#">MANAV KHER</a>
Resolution:	Fixed	Votes:	0
Labels:	None		
Remaining Estimate:	Not Specified		
Time Spent:	Not Specified		
Original Estimate:	Not Specified		

Attachments:	<a href="#">Error while searching Search Registration Reports for Study Criteria and Registration Criteria.doc</a> <a href="#">log_file_jun16.txt</a>
Status:	Closed
Ranking:	403

**Description**

1. Click Reports -->Search Registration --> Study Criteria , Enter Start tile and search

Similarly

click Reports --> Search Registration --> Registration Criteria , Start Date and hit search

Similarly,

Click Report – .> Search Study --> Subject - Search a subject by First name

Result: Error message saying that " Internal Server Error"

Attached is the snapshot and log file.

Comment by [MANAV KHER](#) [ Tuesday, 3 Aug 2010 10:53 AM ]

This should be fixed after kruttik checked in groovy to modify duplicate identifiers for participants.

Comment by [Kavitha Thulasiraman](#) [ Thursday, 26 Aug 2010 10:57 AM ]

Verified

**[CPR-1937] Persons and Organization --> Investigator --> Filter by Organization is not working.** Created: Tuesday, 15 Jun 2010 Updated: Thursday, 18 Nov 2010 Resolved: Thursday, 7 Oct 2010

Status:	Closed
Project:	<a href="#">C3PR</a>
Component/s:	None
Affects Version/s:	None
Fix Version/s:	<a href="#">Sprint 30 - 10/2010</a>

Type:	Bug	Priority:	Minor
Reporter:	<a href="#">Kavitha Thulasiraman</a>	Assignee:	Unassigned
Resolution:	Duplicate	Votes:	0

Original Estimate:	Not Specified		

Attachments:	<a href="#">Search investigators using First name.doc</a>
Status:	Closed
Ranking:	419

### Description

1. click Persons and Organization --> Investigator --> Manage Investigator --> Search Investigator
2. Search for investing by First name.
3. Results are displayed, Filter the result by entering valid organization from the search results.

The filter doesn't give any records.

Attached is the snapshot for the scenario.

Resolution:	Fixed	Votes:	0
Labels:	None		
Remaining Estimate:	Not Specified		
Time Spent:	Not Specified		
Original Estimate:	Not Specified		

Status:	Closed
Ranking:	307

### Description

Epoch start date is asked only for enrolling epochs. It should be asked for all epochs except when registration date is asked in which case it should be set to the registration date.

Comment by [Ramakrishna Gundala](#) [ Tuesday, 1 Jun 2010 10:27 AM ]

Hi Kavitha,

I tried couple of different studies on the latest codebase and I am not able to reproduce it, can you please try to reproduce and send the log file.

Thanks,

RK

Comment by [Kavitha Thulasiraman](#) [ Thursday, 3 Jun 2010 01:35 PM ]

With the current tag , this bug is resolved.

Comment by harsh [ Monday, 21 Jun 2010 10:33 AM ]

Integrated in c3pr-continuous-postgres #2758 (See

<http://tools.semanticbits.com/hudson/job/c3pr-continuous-postgres/2758/>)

cpr-1919 updated for capturing additional attributes in study subject consents

cpr-1919 adding optional size attribute

cpr-1919 added consent tab to capture additional attributes in study subject consent

cpr-1919 added consent tab to capture additional attributes in study subject consent

cpr-1919 updated test data to capture additional attributes for consent

cpr-1919 added test cases to capture additional attributes for consent

cpr-1919 updated for additional attributes for consent

cpr-1919 added utility methods to get sql timestamp and year

cpr-1919 updated validation for consent

### Description

When create/edit a participant, choose a type other than MRN for the primary Id -> Save.

Then add additional Identifier -> Save, it throws an exception:

## [CPR-1886] [Target accrual mismatch while activating Participating Sites](#) Created: Wednesday, 12 May 2010 Updated: Friday, 16 Jul 2010 Resolved: Thursday, 8 Jul 2010

Status:	Closed
Project:	<a href="#">C3PR</a>
Component/s:	None
Affects Version/s:	<a href="#">Sprint 27 - 07/2010</a>
Fix Version/s:	<a href="#">Sprint 27 - 07/2010</a>

Type:	Bug	Priority:	Critical
Reporter:	<a href="#">Kavitha Thulasiraman</a>	Assignee:	<a href="#">Kruttik Aggarwal</a>
Resolution:	Won't Fix	Votes:	0
Labels:	None		
Remaining Estimate:	Not Specified		
Time Spent:	Not Specified		
Original Estimate:	Not Specified		

Attachments:	<a href="#">Target_Accrual.doc</a>
Status:	Closed
Ranking:	346

### Description

1. Select a Open study and click manage.
2. Select "Site" to activate participating site.
3. Enter target accrual figure which is greater than target accrual in Study detail page (for e.g. if the target accrual in detail page is 35 , enter target accrual as 36 in participating site) and save.

Expected Result : Some error message prompting user to enter a number which is less than or equal to the target accrual entered in study detail page.

Attached file for this type of scenario

### Comments

Comment by [Wesley Wiggins](#) [ Thursday, 8 Jul 2010 11:16 AM ]

Kavitha,

The application does not impose any accrual-related rules. So the sites may have a higher accrual

target than the one indicated at the study level. This is expected behavior.

Wes

Comment by [Wesley Wiggins](#) [ Thursday, 8 Jul 2010 11:18 AM ]

This behavior is expected. There are no business checks that disallow sites having higher accrual than the main study.

Comment by [Kavitha Thulasiraman](#) [ Friday, 16 Jul 2010 12:04 PM ]

this is not a valid bug.

Can you reproduce the error and attach the c3pr.log file?

Comment by [Kavitha Thulasiraman](#) [ Thursday, 27 May 2010 10:49 AM ]

I can able to reproduce the error in QA. Attached is the log file.

Comment by [Ramakrishna Gundala](#) [ Friday, 28 May 2010 03:39 PM ]

The reason you are getting this is the application is running in multisite mode, which shouldn't have been the case.

In the Application Configuration page, the Enable multisite should be selected as 'No' as seen in the attached screenshot.

You have to restart tomcat after you make this change and save.

If you don't find it here, you can go to the database and run this query,

```
update configuration set value='false' where prop like 'multisiteEnable';
```

Comment by [Kavitha Thulasiraman](#) [ Thursday, 10 Jun 2010 02:46 PM ]

### Description

On create registration page, click on search subject.  
Now run a search for subjects and a list of subjects comes up.  
Click on any subject and the details of that subject appear under it.  
These details could be boxed so that they appear to be under the subject title.  
When you have more than one subjects details open , the page becomes less readable.  
If we box the details then it might be clearer to the user as to which subject the details belong to.

Integrated in c3pr-continuous-oracle #1658 (See <http://tools.semanticbits.com/hudson/job/c3pr-continuous-oracle/1658/>)

CPR-1857: Subject Management service implementation: switched to cxf security for token validation.

Comment by harsh [ Friday, 6 Aug 2010 03:24 PM ]

Integrated in c3pr-continuous-postgres #2950 (See

<http://tools.semanticbits.com/hudson/job/c3pr-continuous-postgres/2950/>)

CPR-1857: Subject Management service implementation: finished SAML processing task.

Comment by harsh [ Friday, 6 Aug 2010 03:40 PM ]

Integrated in c3pr-continuous-oracle #1660 (See <http://tools.semanticbits.com/hudson/job/c3pr-continuous-oracle/1660/>)

CPR-1857: Subject Management service implementation: finished SAML processing task.

Comment by harsh [ Monday, 9 Aug 2010 05:38 PM ]

Integrated in c3pr-continuous-postgres #2952 (See

<http://tools.semanticbits.com/hudson/job/c3pr-continuous-postgres/2952/>)

CPR-1857: Subject Management service implementation: updated SubjectManagement.wsdl to correctly express security policy through WSDL.

CPR-1857: Subject Management service implementation: fixed the problem where the call to org.opensaml.SAMLSignedObject.verify(Certificate) wasn't actually validated the certificate itself against the trust store.

CPR-1857: Subject Management service implementation: relaxed the requirement that SOAP envelope's body must be signed using SAML token as a key. Now the only requirement is that the envelope contains a valid signed SAML token.

CPR-1857: Subject Management service implementation: upgraded to Open SAML 1.1.

Comment by harsh [ Monday, 9 Aug 2010 05:49 PM ]

Integrated in c3pr-continuous-oracle #1661 (See <http://tools.semanticbits.com/hudson/job/c3pr-continuous-oracle/1661/>)

CPR-1857: Subject Management service implementation: updated SubjectManagement.wsdl to correctly express security policy through WSDL.

CPR-1857: Subject Management service implementation: fixed the problem where the call to org.opensaml.SAMLSignedObject.verify(Certificate) wasn't actually validated the certificate itself against the trust store.

CPR-1857: Subject Management service implementation: relaxed the requirement that SOAP envelope's body must be signed using SAML token as a key. Now the only requirement is that the envelope contains a valid signed SAML token.

CPR-1857: Subject Management service implementation: upgraded to Open SAML 1.1.

Comment by harsh [ Monday, 9 Aug 2010 06:15 PM ]

Integrated in c3pr-continuous-postgres #2953 (See

<http://tools.semanticbits.com/hudson/job/c3pr-continuous-postgres/2953/>)

CPR-1857: Subject Management service implementation: enabled XML schema validation in CXF. SOAP payload will be validated against the Subject Mgmt Schema prior to reaching the endpoint implementation bean.

Comment by harsh [ Monday, 9 Aug 2010 06:24 PM ]

Integrated in c3pr-continuous-oracle #1662 (See <http://tools.semanticbits.com/hudson/job/c3pr-continuous-oracle/1662/>)

CPR-1857: Subject Management service implementation: enabled XML schema validation in CXF. SOAP payload will be validated against the Subject Mgmt Schema prior to reaching the endpoint implementation bean.

**[CPR-1853] User is able to create subjects with duplicate identifiers**

**Description**

There already exists a subject with identifier.

- user creates another subject with same org+identifier+identifier type
- THis is allowed by c3pr
- After this subject is saved, user searches for the subject and clicks on edit subject flow.
- The following error page is shown:

Skip Navigation C3PR Dashboard

Welcome |admin admin

Admin Duke University Medical Center Help | Log out

Dashboard Registrations Studies Person & Organizations Administration Reports

Subject Investigator Research Staff Organization Manage Subject Create Subject

Oops! We thought we squashed that bug.

Try refreshing the page, if that doesn't work you may need to start over.

### Description

- User is logged in as c3pr\_admin
- In P&o>>manage subject, user searches for the following subject by last name: Patient1\_last
- User clicks on the subject and in manage flow clicks on edit subject
- In the edit flow , user save and continue
- Instead of being taken to address and contact information, user is still on same [details] page.
- THis is not reproducible with other subjects.

### Comments

Comment by IyerKar [ Friday, 23 Apr 2010 05:06 PM ]

Debugged this with vinay. THis is probably related to the following stack trace:

Skip Navigation C3PR Dashboard

Comment by [Ramakrishna Gundala](#) [ Monday, 17 May 2010 10:33 AM ]

This was happening because the duplicate identifier creation check was not working for sometime and during this time subjects may have been created with duplicate identifiers (i.e. in common with some other subject). Now, the mechanism has been fixed and once the identifier is changed, subject can be saved.

### Description

Create a research staff and assign it a assigned\_identifier which is already existing in the database.

You dont get a error message you get the oops page.

### Description

- RS 'c3pr\_study\_coordinator' is associated to study 'karthik test study 912' at coordinating center site 'duke [NC010]'
- Subject Diane Karla is registered on study 'karthik test study 912' at study site Mayo Clinic Rochester
- User is able to search for this registration in manage registration page when logged in as c3pr admin
- When user logs in as 'c3pr\_study\_coordinator', user is unable to find this registration in manage registration page.

### Comments

Comment by [Vinay Gangoli](#) [ Thursday, 22 Apr 2010 05:55 PM ]

Changed the isAssignedAndActivePersonnel() in studySubject to check if personnel belongs to CC. This ensures that if the staff belong to CC then he is granted access.

Comment by harsh [ Thursday, 22 Apr 2010 06:14 PM ]

Integrated in c3pr-continuous-postgres #2670 (See

<http://tools.semanticbits.com/hudson/job/c3pr-continuous-postgres/2670/>

CPR-1836: changed the isAssignedAndActivePersonnel to also check against the coordinating center.

Comment by harsh [ Thursday, 22 Apr 2010 06:24 PM ]

Integrated in c3pr-continuous-oracle #1432 (See <http://tools.semanticbits.com/hudson/job/c3pr-continuous-oracle/1432/>)

CPR-1836: changed the isAssignedAndActivePersonnel to also check against the coordinating center.

Comment by IyerKar [ Friday, 23 Apr 2010 09:50 AM ]

I am not able to pull up any subjects of the study. Please fix.

Comment by Vinay Gangoli [ Friday, 23 Apr 2010 11:05 AM ]

Handled the case where the C is not a studySite

Comment by IyerKar [ Friday, 23 Apr 2010 11:37 AM ]

Issue is fixed and closed

Comment by harsh [ Friday, 23 Apr 2010 12:26 PM ]

## Comments

Comment by [Vinay Gangoli](#) [ Wednesday, 21 Apr 2010 02:24 PM ]

Unable to re-produce. Found the following issue:

- 1> No duplicate check for assigned identifier. Fixed this under [CPR-1841](#)
- 2> There can be issues if certain user is in csm\_user table but not in research\_staff table. This

can happen as a result of a partial rollback.

Comment by [Vinay Gangoli](#) [ Wednesday, 21 Apr 2010 05:42 PM ]

Fixed. Removed the js onclick submit() call from the submit button for staff/investigator and organization.

- In the pop up the Reason text is shown as mandatory but user is able to continue while leaving it empty.
- See screenshot

### Comments

Comment by [MANAV KHER](#) [ Tuesday, 6 Apr 2010 01:25 PM ]

I do not see any reason for this bug to be marked as critical. I have removed mandatory indicator from reason text.

Comment by [Wesley Wiggins](#) [ Tuesday, 6 Apr 2010 01:39 PM ]

Downgrading bug to 'Minor'. Indicating something to be mandatory when it's not does not disrupt the functionality of the app.

Checked in groovy to create csm data for CTEP org

Comment by IyerKar [ Wednesday, 7 Apr 2010 04:09 PM ]

cannot test since INT hub is down

Comment by IyerKar [ Thursday, 8 Apr 2010 03:48 PM ]

Following scenario will be tested in order to verify this bug fix:

- This bug is not related to CCTS inter-op scenarios
- Create a study in local QA and add CTEP as study site
- Register a subject on this study site
- There should be no errors

Comment by IyerKar [ Thursday, 8 Apr 2010 05:05 PM ]

Vinay,

Above scenario executed successfully. Close this if it fixes the bug.

Himanshu,

Please mention correct fix in comments. I found that reason text has been made non mandatory and it is working correctly. Please close if this is correct.

Comment by [MANAV KHER](#) [ Friday, 9 Apr 2010 01:58 PM ]

As per current screen, we do not have mandatory mark for reason text it means this field is no longer mandatory.

**Description**

- User is in P&O>>Investigator>>Investigator groups
- User chooses "Duke University Medical Center" in the auto-suggest and clicks add group
- after filling in all mandatory fields , user copies the org name string from the auto-suggest and pastes it in the description box.
- At this point the value of org in the auto-suggest disappears

**Comments**

Comment by [Vinay Gangoli](#) [ Thursday, 11 Mar 2010 10:18 AM ]

This has nothing to do with Investigator groups. This issue is happening across the board.

Comment by [Vinay Gangoli](#) [ Wednesday, 17 Mar 2010 11:07 AM ]

Auto-completer now does not search on hitting the ctrl, fn or command key(mac).  
Still executes for the shift key.

Comment by IyerKar [ Wednesday, 7 Apr 2010 03:58 PM ]

User is able to add investigator groups now

### Description

We need to update Suite 2.1 installation instructions for migrating Dorian user in existing DB.

### Comments

Comment by [Wesley Wiggins](#) [ Thursday, 4 Mar 2010 05:02 PM ]

Amrut,

C3PR used to ship with 4 pre-canned users.

In this release we made a change wherein it no longer supports these pre-canned users and the user is forced to create a Research Staff belonging to some organization.

We also have a migration script which covers the pre-canned users for backward compatibility, however it doesn't cover the ccts\_qa Dorian user. Hence this Error.

There are three possible solutions to this issue.

- 1> Run the following scripts. Let me know if you have issues while or after running them. (Most recommended)

```
-----  
insert into research_staff  
(id,version,first_name,last_name,hcs_id,assigned_identifier,login_id,retired_indicator,password_last_set,num_fa  
select nextVal('research_staff_id_seq'),0,'ccts','demo1', 16831,'dev1nci','-1001','false',localtimestamp, 0,'Local','A  
csm_user where login_name like 'ccts_qa')  
  
update research_staff set hcs_id = (select organizations.id from organizations, identifiers where organizations.id  
identifiers.value like (select value from configuration where prop like 'localNciInstituteCode')) where assigned_i  
  
insert into csm_user_group(user_group_id,user_id,group_id) select -1006,-1001,-9831 where exists (select * fro  
login_name like 'ccts_qa')  
  
update csm_user_group set group_id = (select group_id from csm_group where group_name like '%' || (select va  
prop like 'localNciInstituteCode') || '%') where user_group_id =-1006  
  
insert into contact_mechanisms(id,version,dtype,type,value,rs_id,retired_indicator) (select  
nextval('contact_mechanisms_id_seq'),0,'Local','EMAIL','cctsdemo1@nci.nih.gov', id,'false' from research_staff  
'dev1nci')
```

<<<THIS SCRIPT SHOULD ME MADE GENERIC FOR SOMEONE INSTALLING Suite 2.1 USING AN EX

Comment by [Vinay Gangoli](#) [ Tuesday, 9 Mar 2010 03:28 PM ]

As of C3PR\_v2.9 no C3PR user can exist without having a associated Research staff.  
C3PR runs a script which takes care of all pre-existing C3PR users, except the Dorian user from CCTS mode  
as there is no way for the script to determine the Dorian users login id.

Hence please run the following script (Postgres only) in order to create a staff associated with the pre-existing D  
Replace the place holders with the appropriate values from the legend below.

```
-----  
insert into research_staff  
(id,version,first_name,last_name,hcs_id,assigned_identifier,login_id,retired_indicator,password_last_set,num_fa  
select nextVal('research_staff_id_seq'),0,'%FIRST_NAME%','%LAST_NAME%', 16831,'%UNIQUE_VALUE%  
1001','false',localtimestamp, 0,'Local','AC' where exists (select * from csm_user where login_name like '%DORI  
  
update research_staff set hcs_id = (select organizations.id from organizations, identifiers where organizations.id  
identifiers.value like (select value from configuration where prop like 'localNciInstituteCode')) where assigned_i  
'%UNIQUE_VALUE%'  
  
insert into csm_user_group(user_group_id,user_id,group_id) select -1006, %CSM_USER_ID%, -9831 where ex  
where login_name like '%DORIAN_USER%')  
  
update csm_user_group set group_id = (select group_id from csm_group where group_name like '%' || (select va  
prop like 'localNciInstituteCode') || '%') where user_group_id =-1006
```

```
insert into contact_mechanisms(id,version,dtype,type,value,rs_id,retired_indicator) (select  
nextval('contact_mechanisms_id_seq'),0,'Local','EMAIL','%EMAIL_ADDRESS%', id,'false' from research_staff  
like '%UNIQUE_VALUE%')
```

---

%DORIAN\_USER% = the login id of the Dorian user.

%UNIQUE\_VALUE% = a unique value for the Assigned identifier string.(Use the same value in all 3 occurrences)

%EMAIL\_ADDRESS% = email address associated with the user

%FIRST\_NAME% = first name of the Dorian user

%LAST\_NAME% = last name of the Dorian user

%CSM\_USER\_ID% = Id from the csm\_user table for the Dorian user

Comment by [Vinay Gangoli](#) [ Tuesday, 9 Mar 2010 03:30 PM ]

I have added a comment which describes the situation and also genericized the script.

Assigning it back to you so you can put this clipping into the config section of the install guide.

Comment by [Kruttik Aggarwal](#) [ Monday, 15 Mar 2010 03:17 PM ]

Please close the issue in GForge when done with it.

[https://gforge.nci.nih.gov/tracker/index.php?group\\_id=368&atid=1755](https://gforge.nci.nih.gov/tracker/index.php?group_id=368&atid=1755)

### Description

This issue is valid on any simple study.

When user is registering on non enrolling epoch, there is no validation for informed consent signed date. but when user register's on enrolling epoch it does not allow future date. make it consistent and put same rules for non enrolling epoch's as well.

### Description

1. Start registration on any study
2. enter all data and don't register subject, move out of the flow.
3. search for this registration and go to manage flow.
4. since registration is not complete on previous epoch, so ideally user cannot move to new epoch.
5. User can see Change Epoch button on UI.

### Comments

Comment by [Kruttik Aggarwal](#) [ Monday, 8 Mar 2010 12:02 PM ]

There are certain corrupted records on qa. Make sure you are testing with correct records. I guess the best way would be to create new records.

### Description

Steps:

QA : Study short title : Bangathon March 03 Sample 1

This issue is reproducible on study with multiple consent.

1. Start registration on this study non enrolling epoch - Non Treating Non Enrolling, give only first consent signed
2. Complete registration
3. Click on manage registration from confirmation page to go to view registration.
4. click on change epoch
5. transfer to treating enrolling epoch - tsritified
6. fill all the details and click on randomize and enroll button on last page, it throws null pointer

Comment by [Wesley Wiggins](#) [ Monday, 26 Jul 2010 11:00 PM ]

This doesn't apply anymore right? This should hold true for any site-scoped role that has access to that tab.

Comment by IyerKar [ Wednesday, 10 Nov 2010 11:23 AM ]

Please specify if this applies to any current harmonized role otherwise please close

Comment by IyerKar [ Thursday, 9 Dec 2010 12:05 PM ]

As per the goog doc C3PR Unified Security, the following site scoped roles have privileges  
Study QA Manager: RUD

Study Site Participation Administrator: CRUD

Comment by IyerKar [ Thursday, 9 Dec 2010 12:16 PM ]

Test data

Study QA Manager: duke-study-qa-mgr [Username] @NC010

Study Site Participation Administrator: duke-study-site-admin [Username] @NC010

checked on study kts-br-58 with Site Duke University Medical Center

Duke is CC on the study. Was able to see all sites scoped by the CC

Comment by IyerKar [ Friday, 10 Dec 2010 03:05 PM ]

Test data

Comment by IyerKar [ Friday, 10 Dec 2010 03:14 PM ]

Test data

Study QA Manager: jh-study-qa-mgr [Username] @Johns Hopkins University (MD017)

Study Site Participation Administrator: jh-study-site-admin [Username] @Johns Hopkins University (MD017)

checked on study kts-br-58 with Site Johns Hopkins University (MD017)

JH is SS on the study. Was able to see all sites scoped by the SS

Remaining Estimate:	Not Specified		
Time Spent:	Not Specified		
Original Estimate:	Not Specified		
Environment:	Reported by Deniz from UAMS - not sure about environment		

Status:	Closed
Ranking:	242

### Description

From Deniz:

While adding additional identifiers to a study, user cannot change primary indicator. If s/he tries to change it, primary selection disappears. Note: user can change primary indicator after additional identifier creation.

---

Recommendation: When user clicks on radio button for another Identifier, don't clear radio button of original Primary indicator

### Comments

Comment by [Wesley Wiggins](#) [ Wednesday, 3 Mar 2010 01:36 PM ]

-User is in Manage Study > Identifiers  
-User clicks 'Add Organization Assigned Identifier'

-Before entering information for new identifier, user attempts to select Primary indicator radio button

-Initial primary indicator radio button is clear

-User may complete entering info for new identifier

-User is able to select new ID as primary

Comment by [MANAV KHER](#) [ Thursday, 4 Mar 2010 10:44 AM ]

Issue has been fixed, please verify and mark closed.

Status:	Closed
Ranking:	241

### Description

- User is in create study flow>>details
- The display of Phase is incorrect.
- See screenshot

### Comments

Comment by [Ramakrishna Gundala](#) [ Tuesday, 2 Mar 2010 05:57 PM ]

Hi Wes,

Do we need the label to be whole sentence, "Does this study have therapeutic intent?" or is 'therapeuticIntent' is enough like we have in other places?

The label is causing the mis-alignment of the text in IE7. Please see the attached screenshot. We can of course fix the alignment if we decide to keep the label as it is

Thanks,

RK

Ranking:	249

### Description

Actual Behavior:

- User is in Create Registration
- User searches for and selects a study with no study sites

Expected behavior:

If a study has no associated sites, then the user should not see it in search results in Create Registration

### Comments

Comment by [Kruttik Aggarwal](#) [ Monday, 1 Mar 2010 05:54 PM ]

added an alert for studies with no associated study sites.

Comment by [MANAV KHER](#) [ Tuesday, 9 Mar 2010 10:48 AM ]

Wes,

Please test for flow redirection in general, I have changed the implementation. If you find any issue please reopen this task and add issues as part of this bug only.

Comment by [Vinay Gangoli](#) [ Thursday, 4 Mar 2010 04:40 PM ]

Unable to reproduce this. Also investigators cannot be created anymore without email address. Hence this is clearly a case of bad data.

Karthik: The only way to test this is to go to the database and delete the email address from the associated row in the contact mechanism table.

Again, this is a test for a scenario that must not exist in the first place.

RK,

Didn't you resolve this?

Wes

Comment by IyerKar [ Tuesday, 2 Mar 2010 03:28 PM ]

- Create a parent study
- create non standalone companion study
- Register on parent study
- As part of registration flow, register for companion study as well.
- The user should be able to register to both studies successfully in the same flow.

There is only a single page for editing an organization, so it doesn't make sense to include a summary at the top.

### Description

– User is in manage organizations tab,  
 – The following organization: "karthik test 2" has two identifiers:  
 kto-2-nci is the primary identifier  
 kto-2-ctep is the ctep identifier  
 – When doing organization search:  
 if identifier used is kto-2-ctep, org is shown in results  
 if identifier used is kto-2-nci, no results  
 When org is edited, label says: CTEP identifier but it shows kto-2-nci which is not the ctep identifier

### Comments

Comment by [Vinay Gangoli](#) [ Tuesday, 2 Mar 2010 02:06 PM ]

Create [CPR-1631](#) as a result of this issue.

For now Organizations can only have ctep identifiers.  
 They can have nci identifiers(external) if they are remote(from COPPA).

Ctep will be also addressed as Primary for the time being

Comment by IyerKar [ Tuesday, 2 Mar 2010 06:39 PM ]

IN edit organization, ctep identifier is shown with label "CTEP identifier (Primary)". Note that CTEP identifier need not be the primary identifier. change label

in edit org, identifier shown for "karthik test 2" org is: kto-2-ctep [ctep identifier]  
on clicking save, confirmation page shows identifier as kto-2-nci [primary identifier]

Please fix

Comment by [Vinay Gangoli](#) [ Thursday, 4 Mar 2010 10:23 AM ]

Displaying primary identifier everywhere now.

Also fixed the typo.

Comment by IyerKar [ Friday, 12 Mar 2010 12:24 PM ]

Gangoliv,

This is STILL NOT fixed !

Try searching org: karthik test 2 in P&O

Comment by [Vinay Gangoli](#) [ Wednesday, 17 Mar 2010 01:48 PM ]

Repeating in comments after detailed discussion with Karthik:

This is an invalid use case because we don't support non-ctep primary ids for organization as of now.

Comment by IyerKar [ Wednesday, 7 Apr 2010 05:18 PM ]

Comment by [Vinay Gangoli](#) [ Wednesday, 24 Feb 2010 11:35 PM ]

re-assigning

Comment by [MANAV KHER](#) [ Thursday, 25 Feb 2010 09:43 AM ]

Resolved. please verify and close this issue

Comment by IyerKar [ Tuesday, 2 Mar 2010 06:40 PM ]

Please update test case and re-assign

Comment by [MANAV KHER](#) [ Tuesday, 2 Mar 2010 06:44 PM ]

This is a UI fix, we do not add test cases for web layer. If it is working fine close this bug.

Comment by IyerKar [ Wednesday, 3 Mar 2010 03:02 PM ]

<b>Original Estimate:</b>	2 weeks		

<b>Status:</b>	Closed
----------------	--------

### Description

Based on feedback from Adopters/Elaborators, we will need to harmonize Study Type in C3PR with BRIDG 3.1. This should also harmony Study Type with CTRP's implementation.

The need for this improvement arose due a gap identified in the Summary 3 Report implementation. C3PR only reports Study Type of "Genetic Therapeutic". This is not sufficient to meet Cancer Center's Summary 3 reporting needs. The list of Study Types needs to be more comprehensive to accommodate all potential trial classifications and also to fully support Summary 3 reporting.

### Comments

Comment by [Wesley Wiggins](#) [ Tuesday, 23 Feb 2010 11:08 AM ]

As a first step, please use the same list of Study Types as CTRP:

Treatment  
Prevention  
Diagnostic  
Early Detection  
Supportive Care

Screening  
Epidemiologic  
Observational  
Outcome  
Ancillary  
Correlative  
Health Services Research  
Basic Science  
Other

Comment by IyerKar [ [Tuesday, 2 Mar 2010 06:43 PM](#) ]

Treatment – OK  
Prevention – OK  
Diagnostic – OK  
Early Detection – OK  
Supportive Care – OK  
Screening – OK  
Epidemiologic – OK  
Observational – OK  
Outcome – OK  
Ancillary – OK  
Correlative – OK  
Health Services Research – OK  
Basic Science – OK  
Other – OK

### Description

- User searches for a specific study protocol available in COPPA.
- This study is imported successfully into c3pr
- In study summary page the study is correctly shown as of interventional type.
- However when user is in edit study>>details page, the type is shown as please select.

Test at <https://ncias-c278-v.nci.nih.gov:11443/c3pr> with NCI-2009-00011

### Comments

Comment by [Vinay Gangoli](#) [ Thursday, 25 Feb 2010 03:54 PM ]

getting protocol by id returns the study with a messed up value in the type.  
Emailed naveen about the issue. Awaiting response.

Comment by [Vinay Gangoli](#) [ Saturday, 27 Feb 2010 04:28 PM ]

Moved from StudyProtocolType to PrimaryPurposeCode.  
StudyProtocolType will be deprecated from the next release.

Comment by IyerKar [ Friday, 12 Mar 2010 12:44 PM ]

| unable to test till [CPR-1715](#) is fixed

Comment by IyerKar [ Friday, 12 Mar 2010 12:48 PM ]

Issue is fixed and closed. Tested using: NCI-2009-00013

### Description

– Following are the details:

link: <https://ncias-c278-v.nci.nih.gov:11443/c3pr/pages/study/searchStudy>

uid: dev1@nci

pwd: D3v1@NC1.gov

search for coppa study by identifier with exact match: NCI-2009-00004

Error page is shown:

This is because assigned identifier NOT NULL constraint is violated for investigator

### Comments

Comment by [Vinay Gangoli](#) [ Wednesday, 24 Feb 2010 12:28 PM ]

Fixed. Now uses the external id if the ctep id for the investigator is missing.

Comment by IyerKar [ Wednesday, 24 Feb 2010 02:55 PM ]

Hi VInay,

There are not test cases checked in. If it is not needed please close this issue.

Comment by [Vinay Gangoli](#) [ Wednesday, 24 Feb 2010 11:28 PM ]

Uncommented code which was cidentally commented out.  
Doesn't require dedicated test case.

**Description**

- User is importing a registration with multiple consents
- The error thrown on the output xml is 'registration data is incomplete'
- This is because consents data is present in XML and still not recognised due to bug in code.
- XML is attached.

### Description

Initial Comment:

When a Site Coordinator tries to amend a study, an "Oops! We thought we squashed that bug" page is displayed

Steps:

1. Log into C3PR as a Site coordinator
2. Search for the study to be amended and select the study
3. On the manage Study page, click on Amend Study
4. You will be asked to confirm that you want to amend the study. Click on Amend Study button
5. The error page is displayed

When the user clicks on the "View error code" link on this page, nothing happens. Also there are

no logs in the catalina log files for this error.

Comment by IyerKar [ Thursday, 11 Feb 2010 03:29 PM ]

Attempted to reproduce bug on c3pr demo [c3pr v. 2.8] at semanticbits. Logged in as following:  
karthik.iyer@semanticbits.com [site coordinator]  
Could successfully create and apply amendments.  
Unable to reproduce issue.

Comment by [Wesley Wiggins](#) [ Monday, 22 Feb 2010 10:27 AM ]

Himanshu,

Please update the gforge bug for this issue and indicate that it cannot be reproduced.

Wes

Comment by [Wesley Wiggins](#) [ Friday, 12 Mar 2010 09:02 AM ]

Karthik,

This bug has been verified by NCI QA. Please try again to reproduce this.

Wes

Comment by IyerKar [ Friday, 12 Mar 2010 04:42 PM ]

For the following details, I was able to successfully create study amendment:  
Username vinayrg78@yahoo.com  
Site coordinator  
First name duke  
Last name sitec

Amended study karthik test study 11  
Version name/number 78

## [CPR-1576] Remove "Log in" and "Dashboard" links in New Set Up module

**Description**

– In migration scripts, release 23, the groovy updates the investigators table to make nci\_identifier unique and not null. This has the following effect  
Any nci identifiers that are null or blank string will be assigned a random string value.  
Any nci identifiers which are duplicates will be assigned a random string value.

The impact of this needs to be mentioned in the release notes

## Migrate to PO/PA 3.1 (CPR-1483)

### Description

- User is logged in as c3pr\_admin
- In search research staff user is searching for all RS [no input]
- IN the results returned, some research staff have duplicate email addresses

- click on such research staff
  - The RS that is opened is not the same as the one the user clicked on
  - This is happening because the users are getting the RS by the email ID.

how to determine users with duplicate email address:

```
select * from csm_user where email_id IN (select email_id from csm_user
group by email_id
having count(email_id)>1)
```

Environment:	c3pr postgres qa		

Status:	Closed
Ranking:	166

### Description

- Logged in as c3pr\_admin/c3pr\_admin
- In a create registration , hit search for study with no input string
- 52 results returned
  
- Logged in as alabamaadmin/Morebits10!
- This is an admin belonging to AL002 organization
- In a create registration , hit search for study with no input string
- 10 results returned.

It is unclear why the results are different. Currently as per design, the super admin and site admin have all privileges

### Comments

Comment by [Ramakrishna Gundala](#) [ Friday, 29 Jan 2010 02:29 PM ]

The studies are getting filtered based on the logged in user's organization. Unless the user's

organization is either a study site or the coordinating center of a study, the study get's filtered.

There is separate but related issue with getByEmailAddress(String emaiAddress) method which doesn't rreturn correct result because of non-uniqueness of the email. Either email should be unique or this method should not be used

Comment by [Vinay Gangoli](#) [ Monday, 1 Feb 2010 03:40 PM ]

Updated the searchStudyController to not filter studies for admins of any organization.

Comment by [IyerKar](#) [ Monday, 8 Feb 2010 05:26 PM ]

### Description

Scenario:

- Go to create investigator groups.
- Select organization which has already 2 or more groups.
- Select the group other then first one.

- Add investigator and click save

Expected: Control should come back to same group.

Actual: Control comes back to the first group.

### Description

- Unable to reproduce this error
- user is creating a parent study
- for a screening epoch, user sets stratification = yes
- in stratification criteria, no criteria are added.
- In companion studies tab, user creates a new mandatory companion study with stratification=yes.
- User tries to open parent study buts gets 2 error messages:
  - 1> companion study is data incomplete
  - 2> parent study needs stratification criteria.
  - 3> User goes to stratification tab then epoch tab and sets stratification = no in the screening epoch
  - 4> On clicking save and continue the following error is shown:

### Description

I have a parent study with 2 companions  
one mandatory and one non-mandatory.

I went into the edit flow of these companions from the parent study's summary screen.  
Entered all the data they needed. On coming back to the parent's summary screen the  
mandatory companion's data entry status had been updated to complete but the  
non-mandatory companion status was still saying not-complete.

I was able to open the parent (and hence the mandatory companion) and also the  
non-mandatory companion without entering any more data.  
After doing so the summary screen had been updated with accurate data entry statuses.

### Description

Create a Parent study with a companion mandatory study.

On the parents summary screen click on the edit button against the companion study.

In the details screen of the companion study add a PI by using the new pop up. Save it.

Click save and continue on the details screen.

You get a null pointer.

### Description

- user is in create study flow
- In Principal Investigator section user clicks on create PI
- In the create PI pop-up the user does not specify assigned identifier
- On successful creation, the new PI is shown as in screenshot
- The empty brackets should not be shown.

**[CPR-1539] [Companion created in create study flow loses funding sponsor data.](#)**

Created: Friday, 22 Jan 2010 Updated: Monday, 22 Nov 2010 Resolved: Tuesday, 23 Feb 2010

Status:	Closed
Project:	<a href="#">C3PR</a>
Component/s:	<a href="#">Core</a>
Affects Version/s:	<a href="#">Sprint 21 - 01/2010</a>
Fix Version/s:	<a href="#">Sprint 22 - 02/2010</a>

Type:	Bug	Priority:	Major
Reporter:	<a href="#">Vinay Gangoli</a>	Assignee:	<a href="#">MANAV KHER</a>
Resolution:	Fixed	Votes:	0
Labels:	None		
Remaining Estimate:	Not Specified		
Time Spent:	Not Specified		
Original Estimate:	Not Specified		
Environment:	firefox.		

Status:	Closed
Ranking:	215

**Description**

1. start creating a regular study.
2. in the companion study tab click the create companion study button
3. In the companion study pop-up enter all information required including the funding sponsor Identifier.
4. After adding this newly created companion study go to the summary of the parent study and click the edit button of the just created companion study.
5. the details screen does not have the funding sponsor information that was saved through the pop-up.

**[CPR-1537] [IE7 - Transfer Epoch Pop-up - Off Screening Date calendar pop-up does not work](#)** Created: Friday, 22 Jan 2010 Updated: Tuesday, 9 Feb 2010 Resolved: Tuesday, 9 Feb 2010

Status:	Closed
Project:	<a href="#">C3PR</a>
Component/s:	None
Affects Version/s:	<a href="#">2.8</a>
Fix Version/s:	<a href="#">Sprint 22 - 02/2010</a>

Type:	Bug	Priority:	Critical
Reporter:	<a href="#">Wesley Wiggins</a>	Assignee:	<a href="#">Ramakrishna Gundala</a>
Resolution:	Fixed	Votes:	0
Labels:	None		
Remaining Estimate:	4 hours		
Time Spent:	Not Specified		
Original Estimate:	4 hours		
Environment:	Windows XP - IE 7.0.5730.13		

Status:	Closed
Ranking:	174

### Description

-User is viewing registration record in Manage Registration  
 -User clicks 'Change Epoch'  
 -User clicks calendar icon next to "Off <<EPOCH NAME>> date:" field  
 -Calendar does not pop-up

### Comments

Comment by [Ramakrishna Gundala](#) [ Tuesday, 9 Feb 2010 10:36 AM ]

Unable to reproduce. Looks like an out dated bug

Comment by IyerKar [ Tuesday, 9 Feb 2010 11:47 AM ]

Could not reproduce. Issue is closed

## [Resolve all user role security issues](#) (CPR-1468)

↳ [CPR-1535] [Ensure session invalidation when user logs out](#) Created: Thursday, 21 Jan  
 2010 Updated: Monday, 22 Feb 2010 Resolved: Monday, 22 Feb 2010

Status:	Closed
Project:	<a href="#">C3PR</a>
Component/s:	<a href="#">Web</a>
Affects Version/s:	<a href="#">2.8</a>
Fix Version/s:	<a href="#">Sprint 22 - 02/2010</a>

Type:	Sub-Task	Priority:	Blocker
Reporter:	<a href="#">Wesley Wiggins</a>	Assignee:	<a href="#">Kruttik Aggarwal</a>
Resolution:	Fixed	Votes:	0
Labels:	None		
Remaining Estimate:	3 days, 4 hours, 30 minutes		
Time Spent:	3 hours, 30 minutes		
Original Estimate:	4 days		

Status:	Closed
Ranking:	1825

### Description

-This effects users who share a single C3PR terminal  
 -When user logs out, the next user might be logged in as previous user with the same privileges  
 -Need to ensure that a users session is invalidated - completely closing previous session before next user logs in

### Comments

Comment by [Kruttik Aggarwal](#) [ Monday, 22 Feb 2010 04:40 PM ]

I am resolving this issue. Please reopen it if you are able to reproduce the issue.

Comment by IyerKar [ Monday, 22 Feb 2010 10:28 PM ]

tried various scenarios for replicating issue. Fix works issue is closed

### Description

- User is in manage study >> identifiers
- User adds a Coordinating Center Identifier that is duplicate of existing identifier
- C3pr gives error for duplicate identifier but the identifier is added to table
- See screenshot

### Comments

Comment by [Vinay Gangoli](#) [ Thursday, 4 Mar 2010 11:51 AM ]

Showing the delete icon for duplicate organizations, even when they are coordinating centers or funding sponsors.

Comment by IyerKar [ Friday, 12 Mar 2010 05:01 PM ]

Issue is fixed and closed

## [Update the jsps with the nci code refactoring](#) (CPR-843)

## Comments

Comment by IyerKar [ Thursday, 28 Jan 2010 01:02 PM ]

The issue is fixed.

Vinay,

I did not see any subversion commits here. may be you want to mention them before the bug is closed. Assigning to you...

Comment by [Wesley Wiggins](#) [ Tuesday, 2 Feb 2010 02:31 PM ]

Vinay,

Please re-check in the relevant file and add the CPR #.

Wes

Comment by [Vinay Gangoli](#) [ Tuesday, 9 Mar 2010 04:39 PM ]

Its been a while and I couldnt locate the file I checked in.

My bad! resolving anyway.

Comment by IyerKar [ Thursday, 11 Mar 2010 04:58 PM ]

Issue is fixed and closed

## Comments

Comment by [Vinay Gangoli](#) [ Wednesday, 20 Jan 2010 04:58 PM ]

part of [CPR-1486](#)

Comment by IyerKar [ Wednesday, 20 Jan 2010 05:11 PM ]

Vinay,

After your fix, the new error came up when i used an org with two identifiers. old identifier is not primary and the primary.

Comment by IyerKar [ Friday, 12 Feb 2010 03:34 PM ]

This is an old issue and there is no back button in registration flow after epoch has been changed.  
PLease close issue in gforge.

Comment by [Kruttik Aggarwal](#) [ Wednesday, 24 Feb 2010 06:13 PM ]

This is not possible in the current versions of C3PR. Please close this issue. I have updated the GForge also.

#### Comments

Comment by [Wesley Wiggins](#) [ Thursday, 21 Jan 2010 04:16 PM ]

I verified this behavior in IE7 as well. When user clicks on 'Register' for the Companion Study, the activity indicator just spins continuously without doing anything.

Comment by [MANAV KHER](#) [ Tuesday, 9 Feb 2010 03:21 PM ]

This works fine with IE8, in IE7 we have this issue across the application. Popups take time to load and sometime it comes after user clicks on screen.

Comment by [Wesley Wiggins](#) [ Tuesday, 23 Feb 2010 02:50 PM ]

I am experiencing a similar issue with the Create Investigator pop-up in Step 1 of Create Study

Comment by [MANAV KHER](#) [ Wednesday, 24 Feb 2010 03:37 PM ]

Added some hack for IE-7/8. David test this he is not able to reproduce it anymore.

Wes, can you test it once more and close the bug

Comment by [MANAV KHER](#) [ Wednesday, 24 Feb 2010 03:37 PM ]

Wes,

Please test it since you are able to reproduce it consistently

Comment by [Wesley Wiggins](#) [ Friday, 26 Feb 2010 06:54 AM ]

I was getting this error consistently and it now seems to be resolved.

## Description

- user has created a new parent study and opened it
  - A non-mandatory companion study is attached to this parent
  - The companion study is not open
  - User clicks on sites tab for companion and is informed that study sites are added as part of parent study
  - User clicks on summary tab for the companion study and gets the following page

Hi Vinay,  
 Please describe scenarios to be tested.

Comment by [Vinay Gangoli](#) [ Thursday, 4 Mar 2010 09:59 AM ]

I have had multiple discussions with Karthik regarding this.  
 But here are some scenarios anyway.

#### Research Staff:

- 1> Search for staff first by name then by identifier and then by organization.
- 2> Edit remotely fetched staff and assign roles to them and try logging in as them.

#### Investigator:

- 1> Search for Investigator first by name then by identifier and then by organization.
- 2> Add another organization to this investigator and test the save flow.

#### Organization:

1> Search for Organization first by name then by identifier.

Ensure for all of the above that the remote entities have the nci icon.

That their identifiers are non-editable. That they can be added to studies and saved.

Comment by [Vinay Gangoli](#) [ Thursday, 4 Mar 2010 10:14 AM ]

Added some test scenarios.

C3PR - Question regarding subject deactivation

Hello everyone,

I have some questions regarding a new use case that I'm working on for deactivating a subject. I'd like to know what a typical scenario would be for this use case. Also, would this deactivation likely occur after a subject is enrolled in a study? Could the deactivation be a result of death or some type of data entry error? Would there be a case when a subject is deactivated, but their associated data would be available for future query.

As most of you are probably aware, the C3PR development team will be implementing the Subject Management and Subject Registration NCI Enterprise Services. There is a method in the Subject Management service called "Deactivate Subject" with the following description:

This is used to deactivate a Subject from participation in queries or being available to register for a study. Deactivating a Subject should also update the StudySubject.statusCode for all studies on

which the Subject is enrolled to 'Off-Study'.

I'm trying to determine if this definition of deactivation would satisfy the requirement or not. Please let me know if any of my questions need clarification.

Thank you,

Wes

Sharon's comments:

Wes -

I'm assuming that the subject deactivation is not associated with a study - at least initially. It sounds to me that the use case involves a subject who has been entered into the Subject Management data base and now indicates that they do not want to be contacted regarding research ever again - including removing them from current studies on which they are enrolled and not being available for future studies.

This could occur after enrollment on a study but typically not death or data entry. It is possible that a subject would wish to not be contacted anymore for a particular study, however, this is typically managed by a study subject indicator within the study itself. It sounds like "deactivation" implies that the subject wants no more contact regarding anything.

Also, I am a little concerned about changing a study status to "Off-Study" in an automated manner. Each case needs to be reviewed by the study coordinator and in some cases, Off-Study does not mean there will be no more contact with the study subject.

This is a complex issue that probably needs to be reviewed on a call.

Sharon

Bob Morrell's comments:

This does not match our workflows precisely. We have "withdrawal of consent" which is when the patient says they no longer wants to participate in any way on a trial (not even followup contact) This must be distinguished from the cooperative group term withdrawal of consent to treat, which only deals with actual protocol therapy.

In our workflow it is protocol specific. We would if we could recruit the patient to another trial (though to my knowledge this has never happened)

When a patient withdraws consent, our ability to collect data after that date ends. We collect the data up to the date of withdrawal, and sign a form that indicates this is done. All work on the patient stops at that time.

Bob

Vijaya's comments:

To my understanding the definition of subject is "potential subject". If the subject is registered on the study, he or she will be "study subject". If we go with this definition, subject deactivation means that the subject will no longer be available to participate in any studies. This is simply subject deactivation not study subject deactivation.

I agree with Sharon to discuss this further over a call.

Thanks,  
Vijaya

Bob's response to Vijaya's comment:

As you describe this here, we do not have this use case in our system at all.

Comment by [Wesley Wiggins](#) [ Tuesday, 2 Feb 2010 03:49 PM ]

Draft Use Case location:

<https://wiki.nci.nih.gov/display/C3PR/Deactivate+Subject>

Comment by [Wesley Wiggins](#) [ Friday, 12 Feb 2010 04:56 PM ]

Title of this use case is now "Correct Study Subject's Participation".

Deactivating a study subject record is one potential method for correcting a registration error.

### Description

caAERS using compression for server calls to improve page loading times. Please implement the same thing in C3PR.

### Comments

Comment by [MANAV KHER](#) [ Thursday, 14 Jan 2010 10:09 AM ]

Imported code for request compression from caAERS. While testing I ran into compression format issue.

I am checking in all the changes I made and commented filter-mapping element for new filter to keep c3pr as it was.

Once issue is resolved we can uncomment filter-mapping element.

Issue is probably because ehcache and ehcache-web both have GzipFilter and in C3PR looks like it is getting picked up from ehcache instead of ehcache-web.

Comment by [Wesley Wiggins](#) [ Monday, 18 Jan 2010 11:37 AM ]

Kruttik,

Since Himanshu wasn't able to address this before he left, who do you think can work on this for the next sprint?

Wes

Comment by [Kruttik Aggarwal](#) [ Tuesday, 26 Jan 2010 03:52 PM ]

Incorrect Sprint number.

Comment by IyerKar [ Friday, 12 Feb 2010 03:55 PM ]

Kruttik,

Test scenario needs to be discussed, otherwise please close

Comment by [Kruttik Aggarwal](#) [ Monday, 22 Feb 2010 03:52 PM ]

You can check the http response header in browser. You can install httpfox firefox plugin and check the response header. It should show content-type to be 'gzip'.

### Description

Scenario: Import registration having data already present in database

Actual: registration is getting partially saved in database.

### Comments

Comment by IyerKar [ Monday, 18 Jan 2010 01:05 PM ]

| cannot be tested till [CPR-1478](#) is fixed.

Comment by IyerKar [ Wednesday, 20 Jan 2010 10:51 AM ]

Following scenario being tested as per Gaurav

– Pick a registration XML which has already been imported successfully

– 3 identifiers need to be changed in the XML to create a new registration record:

1> MRN

2> SAI of type COORDINATING\_CENTER\_ASSIGNED\_STUDY SUBJECT\_IDENTIFIER

3> OAI of type COORDINATING\_CENTER\_ASSIGNED\_STUDY SUBJECT\_IDENTIFIER

Change only #2 and #3. Keep #1 same.

The registration should not be recorded and the none of the identifiers should appear in the identifiers table.

## Comments

Comment by [MANAV KHER](#) [ Tuesday, 23 Feb 2010 04:56 PM ]

not able to re produce this error after recent fixes by vinay, verified with karthik also. please verify again and close this issue.

Comment by IyerKar [ Friday, 12 Mar 2010 05:55 PM ]

As per vinay, the scenario of adding an org with two identifiers is invalid. Bug is irrelevant, issue is closed.

### Comments

Comment by [MANAV KHER](#) [ Wednesday, 6 Jan 2010 03:21 PM ]

It seems this bug is related to export XLS button on registration advance search page.

I have removed export XLS functionality from UI, as decided for study XLS export on study search page.

poi jar required are different for summary3 report and required by extreme components jar.

Comment by [Wesley Wiggins](#) [ Wednesday, 6 Jan 2010 03:33 PM ]

Comment by [Kruttik Aggarwal](#) [ Monday, 11 Jan 2010 04:20 PM ]

Resolved the issue. Created another task to write the test cases since the complete class is missing test cases.

Comment by [IyerKar](#) [ Friday, 12 Feb 2010 05:04 PM ]

### Description

Attempted to export a registration from C3PR and then import it. Got the below error. I have attached the XML file.

XML is Invalid XML is invalid against the expected schema; nested exception is org.xml.sax.SAXParseException: cvc-complex-type.2.4.a: Invalid content was found starting with element 'gridId'. One of '{ "gme://ccts.cabig/1.0/gov.nih.nci.cabig.ccts.domain":firstName}' is expected.

**Description**

Scenario:

1. Create a study and add studysite to it.
2. Apply amendment to it.
3. Now try activate the study site.

Actual: Hangs on Error page with Ajax Indicator keeps on rotating.

**Comments**Comment by [MANAV KHER](#) [ Tuesday, 16 Mar 2010 02:11 PM ]

Discussed with Gaurav, I am not able to reproduce this issue. Please verify and close this bug.

I followed given steps

1. created a study and opened on March 1, 2010
2. Added NC010 as study site
3. Created amendment on Mar 16, 2010, Amendment Type = "Immediate with grace" Grace period = 10 days

4. Applied amendment.  
5. Tried activating study site on Mar 16, 2010 it worked fine.

Steps verified by Gaurav.  
Please let me know if it fails for any other scenario.

Comment by IyerKar [ [Thursday, 8 Apr 2010 02:28 PM](#) ]

Not reproducible. Issue is closed

### Description

- User is logged in as site coordinator
- For a particular study, user clicks on the edit study action
- User is taken to the flow, but all the input fields are grayed out.

### Comments

Comment by [Vinay Gangoli](#) [ Monday, 28 Dec 2009 05:45 PM ]

This is not a bug. Fields will be greyed out for open studies.

## C3PR study related issues Roles matrix issues (CPR-1423)

↳ [CPR-1437] **Unable to proceed to next tab in create subject flow when logged in as Sitecoordinator** Created: Wednesday, 23 Dec 2009 Updated: Wednesday, 30 Dec 2009 Resolved: Monday, 28 Dec 2009

### Description

- User is logged in as site coordinator
- User is in create subject flow.
- After filling in the details, user clicks save and continue.
- page re-loads and user is still in details tab.
- user is not taken to 'address and contact information' tab
- No validation errors are thrown

### Comments

Comment by [Vinay Gangoli](#) [ Monday, 28 Dec 2009 05:44 PM ]

Could not re-pro in IE7 or FF.

Comment by [MANAV KHER](#) [ Tuesday, 12 Jan 2010 02:54 PM ]

Please create new study to test this scenario, it seems something is wrong with the data in that particular study. I am not able to simulate this issue with any other study, created multiple new studies with companion. I am man for the time being. If you are able to reproduce with new study please mention exact steps so that I can debug fun

-Himanshu

Comment by IyerKar [ Tuesday, 19 Jan 2010 04:45 PM ]

Following are the scenarios as suggested by ramakrishna:

- 1> Edit study
- 2> In companion study tab user adds a new companion
- 3> user manages companion.
- 4> User tries to add study site to companion
- 5> This is not allowed at the companion study

PASS

Comment by IyerKar [ [Tuesday, 19 Jan 2010 06:17 PM](#) ]

- 1> Edit study
- 2> In companion study tab user adds a new companion
- 3> User adds study site to study
- 4> User manages the companion study
- 5> In the sites tab, the site added to parent study is shown

PASS

Comment by IyerKar [ [Tuesday, 19 Jan 2010 06:19 PM](#) ]

Wes,

The Study: TC-TC04 is not found in demo. I rather tested some scenarios listed above and they work fine. Please action is needed.

## Comments

Comment by [Ramakrishna Gundala](#) [ Wednesday, 6 Jan 2010 06:27 PM ]

This is happening because this registration is old, which is corrupted. . The Study Subject Consent Version did not get created for this record.

Will not happen for new registrations

Comment by IyerKar [ Thursday, 7 Jan 2010 06:13 PM ]

No errors when using new registration records.

## C3PR study related issues Roles matrix issues (CPR-1423)

**Description**

Log in as a site co-ordinator.  
Create a staff with a email which is already in the database.  
You get an error message and the email is now non-editable.  
User can neither change the email nor save at this point.  
If you dont get this error change the email to another value that exists in the database and try again.

**Comments**Comment by [Kruttik Aggarwal](#) [ Tuesday, 2 Feb 2010 06:15 PM ]

This should be fixed now since email is no more used as username.

### Description

Scenario:

1. Goto Manage Study, click on any study with status=open.
2. goto site, add any site, then delete the site.
3. Add the same site again. It will say "site already exist".
4. Now click on sites link.

Expected: it should show all the sites attached to that study.

Actual: Error page:

**[CPR-1410] Error on Manage registration** Created: Thursday, 17 Dec 2009 Updated: Friday, 8 Jan 2010 Resolved: Wednesday, 6 Jan 2010

Status:	Closed
Project:	<a href="#">C3PR</a>
Component/s:	<a href="#">Web</a>
Affects Version/s:	<a href="#">2.8</a>
Fix Version/s:	<a href="#">2.8</a>

Type:	Bug	Priority:	Major
Reporter:	<a href="#">Gaurav Gupta</a>	Assignee:	<a href="#">Ramakrishna Gundala</a>
Resolution:	Fixed	Votes:	0
Labels:	None		
Remaining Estimate:	0 minutes		
Time Spent:	10 minutes		
Original Estimate:	Not Specified		

Status:	Closed
---------	--------

### Description

Scenario:

1. Goto manage Registration, select any registration with pending status.
2. Then click on 6. Review and Submit link.

Expected : It should open the review and submit page.

Actual: Error page. Error details are as follows:

Request processing failed; nested exception is  
org.springframework.dao.DataIntegrityViolationException: not-null property references a null or transient value: edu.duke.cabig.c3pr.domain.StudySubjectConsentVersion.consent; nested exception is org.hibernate.PropertyValueException: not-null property references a null or transient value: edu.duke.cabig.c3pr.domain.StudySubjectConsentVersion.consent

### Comments

Comment by [Ramakrishna Gundala](#) [ Wednesday, 6 Jan 2010 06:34 PM ]

This was a known bug which was fixed. This registration record does not have study subject consent version. This error will not come for new registrations

Comment by IyerKar [ Friday, 8 Jan 2010 10:25 AM ]

Issue is fixed and closed

**[CPR-1407] [Organization adddigned identifier auto-completer in Create subject is mal-functioning](#)** Created: Thursday, 17 Dec 2009 Updated: Thursday, 17 Dec 2009 Resolved: Thursday, 17 Dec 2009

Status:	Closed
Project:	<a href="#">C3PR</a>
Component/s:	<a href="#">Web</a>
Affects Version/s:	<a href="#">2.8</a>
Fix Version/s:	<a href="#">Post 2.9.3</a>

Type:	Bug	Priority:	Major

Resolution:	Fixed	Votes:	0
Labels:	None		
Remaining Estimate:	Not Specified		
Time Spent:	Not Specified		
Original Estimate:	Not Specified		

Status:	Closed
Ranking:	1119

### Description

- 1) Go to create Subject under Person and Organization and fill the basic details.
- 2) Add a couple of OAI 's
- 3) save and re-load the page
- 4) clear the organization name from the OAI auto-completer and try to enter a new organization  
The auto-completers dont work. You cannot edit, you have to delete and add a new one. Fix the auto-completer or make them non-editable.
- 5) Add a new OAI row. the auto-completers for this row work fine.

## Comments

Comment by [Wesley Wiggins](#) [ Friday, 22 Jan 2010 10:34 AM ]

Is this scenario for an Open study? Please clarify...

Comment by [Wesley Wiggins](#) [ Friday, 22 Jan 2010 10:59 AM ]

Just noticed that this is from Marcelo's feedback and is likely for an open study.

Comment by [Wesley Wiggins](#) [ Friday, 22 Jan 2010 12:07 PM ]

Site Coordinator should be able to Create/Edit a study. Please make correction to allow this.

Comment by [Vinay Gangoli](#) [ Tuesday, 9 Mar 2010 03:53 PM ]

Cannot re-produce this anymore. Also Site Coordinator can create a study and edit pending studies but not edit studies that are open.

Only admin can edit open studies.

This is the expected behavior and this is how its behaving right now.

## Marcelo UAT Issues (CPR-1386)

↳[CPR-1398] **When study status is selected, a drop down with only acceptable values could be shown.** Created: Tuesday, 15 Dec 2009 Updated: Tuesday, 6 Apr 2010 Resolved: Monday, 5 Apr 2010

### Description

User should be able to start a new registration from the Manage Study - 7. Registrations tab. This could be made available for each of the registered patients.

### Comments

Comment by [Wesley Wiggins](#) [ Wednesday, 6 Jan 2010 04:57 PM ]

This will require changing tab security for Manage Study. That is, controlling the tab set that is displayed for a particular role.

Comment by [Wesley Wiggins](#) [ Tuesday, 26 Jan 2010 03:40 PM ]

RK,

In the case of a multisite trial, please expand the site table by default in the Study selection step of registration.

So, the user would click Register Another Subject and when the Create Registration page is

loaded, the sites table would be expanded and the first step they would take is to select their site.

Wes

Comment by [Ramakrishna Gundala](#) [ Tuesday, 26 Jan 2010 05:20 PM ]

Showing sites expanded in case of multisite study

### Description

Create Simple Treatment Study:

"Coordinating Center and Principal Investigator Organization search taking several seconds (more than 45). PI organization search eventually timed out and a message ""Service Temporarily Unavailable"" was shown.

- Clicking back on one of these fields resets the previous selection back to (Begin typing here). Same happens if user click on another application window.
- Pasting the exact Organization name still and pressing the tab key causes the search to start with an empty organization.
- Searching for National Cancer or NCICCR is much faster than for National Cancer Institute. Why?

### Description

Scenario:

1. Go to Investigator search.
2. last name = "chamberlain", then search

Expected: records with lastname="chamberlain".

Actual: Internal server error.

Wes,  
Please mention scenario to be tested as I am testing against Oracle.  
or close if necessary.  
Thanks

### Description

Scenario:

1. Person & organization>>Investigators tab, search for investigators.

Expected: under search results, a box on left side should be present where we can select "Rows Displayed" (as present for Research staff and Organization search).

Actual: Rows Displayed box missing.

### Comments

Comment by [Vinay Gangoli](#) [ Wednesday, 31 Mar 2010 11:22 AM ]

This was removed as loading the next 15 would need more coppa calls and caused performance issues.

Might be added back once we implement pagination via the services.

### Description

-When scrolling in the Add Companion pop-up - the section headings don't move  
 <<see screenshot>>

### Comments

Comment by CoffeyD [ Monday, 23 Nov 2009 12:06 PM ]

.division h3 was set to position:relative. this was not necessary so I removed it and it fixed the issue.

Comment by [Kruttik Aggarwal](#) [ Thursday, 19 Nov 2009 11:58 AM ]

Creating another relevant bug.

Comment by [Vinay Gangoli](#) [ Thursday, 17 Dec 2009 02:27 PM ]

This still happens. Try the attached file.

The Coordinating center Identifier for the study in the file has the value "jkshdfsksfvdkjgvj"  
change it to something that exists on your local system while testing.

Comment by IyerKar [ Friday, 12 Feb 2010 10:48 AM ]

Issue is fixed and closed

### Description

Scenario:

1. User is in create study>>epoch. User adds a new epoch where Treating=Yes  
Enrolling=yes  
Randomized=yes  
Stratified = No  
There are two arms [Arm A and Arm B]
2. User clicks save. In the randomization tab, user adds appropriate book entries as 0, Arm A  
1, Arm B and clicks save.
3. User is in epoch tab and deletes one of the arms [Arm B].
4. In randomization tab, view user enters book entries

Expected:

Entries related to Arm B should get deleted and Arm A entries should persist.

Actual:

All the book entries are getting deleted.

## Comments

Comment by [Vinay Gangoli](#) [ Monday, 4 Jan 2010 02:25 PM ]

This is as designed. In fact when you delete the arm you see a pop-up which warns you that if you proceed the book entries will be deleted.

Comment by [IyerKar](#) [ Tuesday, 5 Jan 2010 11:49 AM ]

Vinay,  
No warning is shown when arm is deleted. But all book entries are deleted.

Comment by [Vinay Gangoli](#) [ Friday, 8 Jan 2010 06:22 PM ]

As per our discussion, we were always able to see the warning pop up.  
Resolving it for more testing.

Comment by [IyerKar](#) [ Friday, 12 Feb 2010 11:41 AM ]

Issue is fixed and closed

### Description

- User is in Create Study
- attempts to create a new companion study
- enters information, then deletes the companion study row
- enters information for a different companion
- clicks Save and Continue
- gets following error

Status Code 500

Exception Type class org.springframework.beans.InvalidPropertyException

Message Request processing failed; nested exception is org.springframework.beans.InvalidPropertyException: Index of 'study.companionStudyAssociations[-1]' of bean class [edu.duke.cabig.c3pr.web.study.StudyWrapper]: Index of 'companionStudyAssociations[-1]'; nested exception is java.lang.ArrayIndexOutOfBoundsException: -1

Status:	Closed
---------	--------

### Description

- User is in Create Study
- User does not enter a consent form name and attempts to proceed to next step
- 'Oops you found a bug' screen is shown

This should be handled more gracefully. Should show the standard 'Missing data' type of error instead.

### Comments

Comment by [Wesley Wiggins](#) [ Tuesday, 10 Nov 2009 09:34 PM ]

Got this error even after entering consent name.

Comment by [Wesley Wiggins](#) [ Tuesday, 10 Nov 2009 09:38 PM ]

I think the error occurred even when I entered text, because I clicked Save & Continue before the consent name was added.

Comment by [MANAV KHER](#) [ Wednesday, 18 Nov 2009 02:21 PM ]

it was some browser issue

[CPR-1234] [Create Registration - Error occurs when trying to go from 2.](#)

[Enrollment Details to 3. Eligibility](#)

Created: Tuesday, 10 Nov 2009 Updated: Thursday, 17 Dec 2009 Resolved:

Friday, 20 Nov 2009

**Description**

<https://postgres.qa.semanticbits.com/c3pr/pages/registration/createRegistration>

- User is in Create Registration >> 2. Enrollment Details
- Following error occurs when attempting to proceed to step 3

Study ID: CDR0000066241

Status Code 500

Exception Type class java.lang.NullPointerException

Message Request processing failed; nested exception is java.lang.NullPointerException

### Description

There are multiple issues with back dated registrations

- I have 2 versions of study
- version 1 has consent 1 and consent 2  
-version 1 is effective between oct 1 to oct 30
- version 2 has cc1, cc2, consent 1 and consent 2  
-version 2 is effective from 31 oct  
-start reg on oct 5, by default it picks up version 2,  
now give consent dates.

for different combination of consent dates

It shows message that it is back dated registration. but when user clicks on continue with back dated reg

- sometimes it doesn't change version
- it doesn't pick up consents from previous versions, it show all 4 consent version it is incorrect. in older version we had only 2 consents.

## Comments

Comment by [Ramakrishna Gundala](#) [ Thursday, 5 Nov 2009 12:40 PM ]

picking the correct consents

Comment by IyerKar [ Tuesday, 5 Jan 2010 03:31 PM ]

RK,

As per discussion with you, checking if back dated registration works using only single consent.  
Please assign back with scenario of multiple consents that are needed to be tested.

With single consent , back dated registration is working correctly

Comment by IyerKar [ Friday, 21 May 2010 03:37 PM ]

Issue is fixed and closed

### Description

- User has original study version applied to a study site.
- This study version has one consent
- User starts a new study amendment, but it is not applied to study or study site. It is in inactive status
- In new amendment, the consent is deleted
- User is in create registration flow.
- In enrollment details, consent is not shown, though original version of study [which is applicable] has the consent.

### Description

If there is an error on the transfer epoch flow, we cannot search for the registration and reenter the flow. It messes the registration record.

### Comments

Comment by [MANAV KHER](#) [ Thursday, 17 Dec 2009 03:43 PM ]

Started transfer flow and came out of the flow, when searching for registration and clicking the result it is showing me manage page instead of transfer flow, when i do transfer epoch again, it takes me to the existing epoch's flow, not to the new epoch which i just selected

Comment by [Ramakrishna Gundala](#) [ Monday, 9 Aug 2010 03:52 PM ]

Unable to reproduce

Comment by IyerKar [ Wednesday, 10 Nov 2010 04:28 PM ]

Issue is fixed and closed

### Comments

Comment by [Kruttik Aggarwal](#) [ Sunday, 30 Jan 2011 08:31 PM ]

I am guessing you meant the Person User.

Comment by [Wesley Wiggins](#) [ Monday, 31 Jan 2011 12:21 AM ]

Kruttik,

I created this so long ago I don't recall exactly what I intended, but yes the would have referred to a "Person User". What did you fix?

Wes

Comment by [Wesley Wiggins](#) [ Thursday, 17 Feb 2011 02:10 PM ]

Due to caaers and c3pr changes to personnel creation, this issue no longer applies. caaers and c3pr handle personnel creation in similar way.

Wes

## [Registration Bangathon](#) (CPR-950)

↳ [CPR-1139] [IE7: Create Registration: click Randomize and Enroll](#) Created: Tuesday, 27 Oct 2009 Updated: Friday, 18 Dec 2009 Resolved: Friday, 20 Nov 2009

Status:	Closed
Project:	<a href="#">C3PR</a>
Component/s:	None
Affects Version/s:	<a href="#">2.8</a>
Fix Version/s:	<a href="#">2.8</a>

Type:	Sub-Task	Priority:	Major
Reporter:	<a href="#">Wesley Wiggins</a>	Assignee:	<a href="#">Ramakrishna Gundala</a>
Resolution:	Fixed	Votes:	0
Labels:	None		
Remaining Estimate:	Not Specified		
Time Spent:	Not Specified		
Original Estimate:	Not Specified		

Status:	Closed
---------	--------

### Description

-Final step of Create Registration  
-clicked Randomize and Enroll button and following error was thrown

HTTP Status 500 -

-----  
type Exception report

message

description The server encountered an internal error () that prevented it from fulfilling this request.

#### Description

- User is in manage study >. consents.
- THe layout of the panel is incorrect in IE 7
- See screenshot

#### Comments

Comment by IyerKar [ Tuesday, 27 Oct 2009 02:18 PM ]

THis is true in consents, epoch&arms, stratification

Comment by IyerKar [ Friday, 30 Oct 2009 12:46 PM ]

David,

Re-opened since this issue is screen resolution specific.

On a resolution of 1440 x 900 pixels, layout is fine.

On a resolution of 1024 x 768 pixels, layout is as shown in the screenshot.

Please contact Ramakrishna for details

### Description

- User is in edit registration >> Enrollment details
- user does not mention consent date which is mandatory.
- User clicks on the stratification tab.
- User cannot proceed because there consent date is required
- However "required" error message is not shown.

### Comments

Comment by [Ramakrishna Gundala](#) [ Monday, 26 Oct 2009 04:56 PM ]

validating that consent is present only when the user clicks on save

Comment by IyerKar [ Wednesday, 28 Oct 2009 11:23 AM ]

will be checked on oct 29th build or later

**Description**

User is creating a subject. In identifier user chooses organization [in auto completer] as duke. Once user clicks outside the autocomplete box the chosen value is removed and replaced with 'begin typing here' It is not possible to choose a value in the auto-completer

**Comments**

Comment by IyerKar [ Monday, 26 Oct 2009 11:04 AM ]

More detailed scenario:

User is in create subject flow

In organization autocompelete, user selects an organization.

User presses tab key to exit out of the box

Now he cannot exit the autocomplete box. This is not desirable behavior

Comment by [MANAV KHER](#) [ Thursday, 29 Oct 2009 10:01 AM ]

Please test autocomplete thoroughly

Comment by IyerKar [ Thursday, 29 Oct 2009 02:52 PM ]

Himanshu,

Lots of thorough testing was done on auto-completer. Following bug is reported:

<http://jira.semanticbits.com/browse/CPR-1183>

Please list scenarios to test if I may have missed anything.

Reporter:	Anonymous	Assignee:	Unassigned
Resolution:	Fixed	Votes:	0
Labels:	None		
Remaining Estimate:	Not Specified		
Time Spent:	Not Specified		
Original Estimate:	Not Specified		
Environment:	Build Number: c3pr v. 2.8rc1, qa, postgres, IE 7		

Status:	Closed
---------	--------

### Description

#### Scenario

User is in amend study>>epoch. User adds a new epoch where Treating=Yes

Enrolling=yes

Randomized=yes

Stratified = No

There are two arms [Arm A and Arm B]

User clicks save.In the randomization tab, user adds appropriate book entries and clicks save.

User is in epoch tab and deletes one of the arms [Arm B]. C3PR deletes the book entries for that epoch. In randomization tab, user enters book entries, where book entries are

0, Arm A

1, Arm B

#### Expected

C3PR gives invalid entry for Arm B entry

#### Actual

Entry for Arm B is accepted successfully

Comments

Comment by [MANAV KHER](#) [ Thursday, 22 Oct 2009 03:47 PM ]

Got fixed while fixing [CPR-1120](#)

## Study Bangathon (CPR-949)

↳ [CPR-1118] **All randomized epochs should be treating epochs in create/amend study flow** Created: Wednesday, 21 Oct 2009 Updated: Monday, 26 Oct 2009 Resolved: Monday, 26 Oct 2009

Status:	Closed
Project:	<a href="#">C3PR</a>
Component/s:	<a href="#">Web</a>
Affects Version/s:	<a href="#">2.8</a>
Fix Version/s:	<a href="#">2.8</a>

Type:	Sub-Task	Priority:	Major
Reporter:	Anonymous	Assignee:	<a href="#">Ramakrishna Gundala</a>
Resolution:	Fixed	Votes:	0
Labels:	None		
Remaining Estimate:	Not Specified		
Time Spent:	Not Specified		
Original Estimate:	Not Specified		
Environment:	Build Number: c3pr v. 2.8rc1, qa, postgres, IE 7		

Status:	Closed
---------	--------

### Description

#### Scenario

User is in amend study>>epoch. User adds a new epoch where Treating=No

Enrolling=yes

Randomized=yes

User clicks save.

#### Expected

C3PR gives error because only treating epochs can be randomized.

#### Actual

If epoch is enrolling but not treating, then C3PR allows epoch to be randomized

same is also true for create study flow

----------------	--------

### Description

- When user login to c3pr , the time to reach the landing page is 7-8 secs
- The login time should be improved
- Reported by Vinay Kumar

### Comments

Comment by [Kruttik Aggarwal](#) [ Monday, 19 Oct 2009 05:28 PM ]

I was not able to reproduce the issue, but I did go through the code and optimized it as much as I could have. Please reopen the issue if the performance improvement is not enough.

## [Registration Refactoring](#) (CPR-500)

↳ [CPR-1103] [Error when moving from screening epoch to treatment epoch](#) Created: Sunday, 18 Oct 2009 Updated: Thursday, 17 Dec 2009 Resolved: Wednesday, 18 Nov 2009

### Description

- User is in manage registration flow
- User chooses the subject and study
- User moves the subject from screening epoch to treatment epoch
- When user is taken back to registration flow, user is actually shown details of the screening epoch and not the treatment epoch.

Status:	Closed
---------	--------

### Description

#### Scenario

User is in change epoch flow. Subject is registered on screening epoch. User attempts to move to the same epoch.

#### Expected

C3PR dallows moving from / to same epoch by disabling the continue button.

#### Actual

In IE 7 moving to same epoch is allowed

### Description

#### Scenario

Study is in open status. Study site for this study is in open status. New study amendment with Amendment type optional is created. The study site applies the new amendment by entering the IRB approval date.

#### Expected

The end date of the current version for the study site will be set to the IRB approval date.

#### Actual

The end date of current version is not being set.

### Comments

Comment by [MANAV KHER](#) [ Monday, 26 Oct 2009 05:04 PM ]

not able to simulate in QA using steps provided in the bug

## Study Bangathon (CPR-949)

↳ [CPR-1093] **End date set incorrectly when study amendment type is Immediate with grace period** Created: Friday, 16 Oct 2009 Updated: Wednesday, 28 Oct 2009 Resolved: Monday, 26 Oct 2009

Status:	Closed
Project:	<a href="#">C3PR</a>
Component/s:	<a href="#">Web</a>
Affects Version/s:	<a href="#">2.8</a>
Fix Version/s:	<a href="#">2.8</a>

Type:	Sub-Task	Priority:	Major
Reporter:	Anonymous	Assignee:	Unassigned
Resolution:	Cannot Reproduce	Votes:	0
Labels:	None		
Remaining Estimate:	Not Specified		
Time Spent:	Not Specified		
Original Estimate:	Not Specified		
Environment:	Build Number: c3pr v. 2.7.4.0, QA, FF3, postgres		

Status:	Closed
---------	--------

### Description

#### Scenario

Study is in open status. Study site for this study is in open status. New study amendment with Amendment type Effective with Grace is created. The Grace period is 5 days. Study site applies version on 3rd day

#### Expected

The end date of the current version for the study site will set to the IRB approval date

#### Actual

The end date of the current version is still set to amendment date+5 days rather than IRB approval date of the new study version

### Comments

Comment by [MANAV KHER](#) [ Monday, 26 Oct 2009 04:55 PM ]

Not able to reproduce with given scenario on QA

## PA Integration (CPR-951)

↳ [CPR-1090] **Cannot add Funding Sponsor Identifier.** Created: Friday, 16 Oct 2009 Updated:

Wednesday, 30 Dec 2009 Resolved: Friday, 23 Oct 2009

Status:	Closed
Project:	<a href="#">C3PR</a>
Component/s:	<a href="#">Web</a>
Affects Version/s:	<a href="#">2.8</a>
Fix Version/s:	<a href="#">2.8</a>

### Comments

Comment by IyerKar [ Thursday, 22 Oct 2009 05:47 PM ]

Himanshu,  
The rows still look funny to me. See screenshot. Please QC with RAM

Comment by IyerKar [ Friday, 23 Oct 2009 10:39 AM ]

HIMANSHU,  
THE alignment of the rows looks incorrect. Please QC this with Ram and Kruttik

Comment by [MANAV KHER](#) [ Monday, 23 Nov 2009 04:12 PM ]

please look at the alignment issue of question text area and answer text

Comment by CoffeyD [ Tuesday, 24 Nov 2009 04:20 PM ]

The Add button has moved to the bottom, this is no longer an issue

## Comments

Comment by [MANAV KHER](#) [ Monday, 19 Oct 2009 12:20 PM ]

This issue is not related to moving from study personnel tab to notification tab, it comes when there is no research staff associated to any of the study sites.

## Comments

Comment by IyerKar [ Tuesday, 27 Oct 2009 10:02 AM ]

The following scenario replicates the above problem.

User adds study site , then user adds new study amendment. Then user goes back to manage study>>sites and applies new amendment with an invalid date. Error message is shown. Now user clicks save and the above error occurs

Comment by [MANAV KHER](#) [ Tuesday, 27 Oct 2009 12:01 PM ]

please test study site page thoroughly

## [Study Bangathon](#) (CPR-949)

 [CPR-1069] [Unable to view study amendments](#) Created: Thursday, 15 Oct 2009 Updated: Thursday, 17 Dec 2009 Resolved: Monday, 2 Nov 2009

Status:	Closed
Project:	<a href="#">C3PR</a>
Component/s:	<a href="#">Web</a>
Affects Version/s:	<a href="#">2.8</a>
Fix Version/s:	<a href="#">2.8</a>

Type:	Sub-Task	Priority:	Major
Reporter:	Anonymous	Assignee:	<a href="#">MANAV KHER</a>
Resolution:	Fixed	Votes:	0
Labels:	None		
Remaining Estimate:	Not Specified		
Time Spent:	Not Specified		
Original Estimate:	Not Specified		
Environment:	Build Number: c3pr v. 2.7.4.0, QA, FF3, postgres		

Status:	Closed
---------	--------

### Description

- User has created a new study amendment.
- User applies the new amendment to study
- In manage study>>amendments tab, user can check the amendment information
- User clicks the view button, and clicks OK on the pop up, however there is no response.
- Clicking OK does not open the amendment.

### Description

User is in edit study flow>>epoch.  
– User sets treatment=please select  
– Reserving and enrolling are grayed out  
– User set reserving to please select  
– Treating, Enrolling, Randomized are grayed out  
– This is incorrect.

### Comments

Comment by [Ramakrishna Gundala](#) [ Monday, 16 Nov 2009 11:26 AM ]

moved validations from java script to back end

Comment by [MANAV KHER](#) [ Thursday, 31 Dec 2009 11:48 AM ]

Invalid, this validation moved to backend

## Study Bangathon (CPR-949)

Comment by [MANAV KHER](#) [ Thursday, 22 Oct 2009 01:16 PM ]

If disease already exist we dont throw any error, we just refresh the page and user can see if disease is there, if multiple disease are added we add only new ones and dont add existing one again, so no error is thrown anymore

Comment by IyerKar [ Friday, 23 Oct 2009 05:07 PM ]

| unable to test till: [CPR-1124](#) is fixed

## [Study Bangathon](#) (CPR-949)

↳ [CPR-1057] [no error for missing coordinating center in create study](#) Created: Tuesday, 13 Oct 2009 Updated: Thursday, 17 Dec 2009 Resolved: Tuesday, 3 Nov 2009

Status:	Closed
Project:	<a href="#">C3PR</a>
Component/s:	<a href="#">Web</a>
Affects Version/s:	<a href="#">2.8</a>
Fix Version/s:	<a href="#">2.8</a>

Type:	Sub-Task	Priority:	Minor
Reporter:	Anonymous	Assignee:	<a href="#">MANAV KHER</a>
Resolution:	Duplicate	Votes:	0
Labels:	None		
Remaining Estimate:	Not Specified

Environment:	Build Number: c3pr v. 2.7.4.0, qa , IE 7, postgres		

Status:	Closed
---------	--------

### Description

#### Scenario

User is in create study>>details. User enters all valid details, but does not mention coordinating center details. User clicks save and continue.

#### Expected

Error shown for missing coordinating center details.

#### Actual

User is not able to proceed, however no error messages are shown.

### Comments

Comment by [MANAV KHER](#) [ Tuesday, 13 Oct 2009 12:04 PM ]

Go to enrollment detail page

Click on save with put entering data, fill in data in all fields which is marked as required as per error message

Click save, it doesn't work and no error message

Comment by [Ramakrishna Gundala](#) [ Monday, 26 Oct 2009 08:16 AM ]

It was not saving because treating physician was required and the red asterisk was not showing.  
Now it is fixed

## [Study Bangathon](#) (CPR-949)

↳ [CPR-1039] [study status should be shown clearly in study>>summary page](#)

Comment by [MANAV KHER](#) [ Wednesday, 14 Oct 2009 10:47 AM ]

this is caused because of regression - test [CPR-1002](#) also while testing this bug

## [Study Bangathon](#) (CPR-949)

↳ [CPR-1033] [all treatment epochs are enrolling epochs](#) Created: Tuesday, 13 Oct 2009 Updated: Thursday, 31 Dec 2009 Resolved: Monday, 16 Nov 2009

Status:	Closed
Project:	<a href="#">C3PR</a>
Component/s:	<a href="#">Web</a>
Affects Version/s:	<a href="#">2.8</a>
Fix Version/s:	<a href="#">2.8</a>

Type:	Sub-Task	Priority:	Major
Reporter:	Anonymous	Assignee:	<a href="#">Ramakrishna Gundala</a>
Resolution:	Fixed	Votes:	0
Labels:	None		
Remaining Estimate:	Not Specified		
Time Spent:	Not Specified		
Original Estimate:	Not Specified		

Status:	Closed
---------	--------

### Description

- User is in edit study flow>>Epoch
- User sets an epoch to treatment type yes
- There should be a check to automatically set enrolling to yes
- also if enrolling is set to no, then treatment should not be yes

### Comments

Comment by [Ramakrishna Gundala](#) [ Tuesday, 13 Oct 2009 03:20 PM ]

made enrollment indicator yes and disabled when treatment indicator is set to yes

Comment by IyerKar [ Thursday, 29 Oct 2009 10:00 AM ]

- create epoch
- set treating to yes
- enrolling is set to yes [but not disabled] xxx
- On clicking save, after page refresh, user sees enrolling as no and is disabled xxx

Comment by [Ramakrishna Gundala](#) [ Monday, 16 Nov 2009 11:29 AM ]

moved validations to back end

Comment by [MANAV KHER](#) [ Thursday, 31 Dec 2009 11:34 AM ]

backend validation added

**Study Bangathon** (CPR-949)

### Comments

Comment by [Ramakrishna Gundala](#) [ Monday, 26 Oct 2009 11:27 AM ]

Disable page until page is completely loaded. Sometimes js and css would be still loading and the page does not behave correctly or may throw an error when any action is performed at this stage

Comment by [Kruttik Aggarwal](#) [ Thursday, 29 Oct 2009 02:26 PM ]

Can you provide more details. I am not able to reproduce it.

## Registration Bangathon (CPR-950)

### Description

-When clicking Save&Continue in Step 1 of Create Study page refreshes but nothing is saved (page probably times out)  
 -User should be prompted to click Save&Continue again

### Comments

Comment by [Ramakrishna Gundala](#) [ Tuesday, 13 Oct 2009 02:31 PM ]

Assigning to Himanshu as he is dealing with the study bugs

Comment by [MANAV KHER](#) [ Thursday, 22 Oct 2009 09:44 AM ]

I am not able to reproduce this issue, tried 4-5 times. If there are any specific set of instructions I need to follow please let me know and re open the bug

### Description

- user is in manage study>>notifications
- user adds two identical roles and clicks save
- C3pr does not throw error for duplicate roles.

### Comments

Comment by [MANAV KHER](#) [ Monday, 19 Oct 2009 12:26 PM ]

Please take care of this bug, while fixing [CPR-1023](#). It seems validations are not implemented for study notifications

Comment by [Vinay Gangoli](#) [ Thursday, 22 Oct 2009 11:14 AM ]

Displays valid error message now

Comment by IyerKar [ Friday, 23 Oct 2009 05:11 PM ]

vinay,

As of today's build duplicate role and emails do not give any error message.

Comment by [Vinay Gangoli](#) [ Monday, 26 Oct 2009 10:31 AM ]

Missed a change during check-in(lost changes in eclipse crash). Now checked in. Please try again.

This issue is related to changes done by kruttik for contact mechanism, please have a look at the issue and resolve it. It is critical for RC 2 as user can not create study level notifications.

| It is critical because once user gets error he can not even loca the page also please take care of [CPR-1024](#) also along with this bug, seems validations are not implemented on study level notifications

Comment by [Vinay Gangoli](#) [ Thursday, 22 Oct 2009 11:16 AM ]

Checks for duplicates and displays error msg.

Comment by IyerKar [ Friday, 23 Oct 2009 05:46 PM ]

vinay,

As of today's build duplicate role and emails do not give any error message.

### Description

- user is in manage study>>identifiers
- user adds a valid organization assigned identifier and clicks save
- User adds two system assigned identifiers with duplicate values and clicks save
- C3pr gives error for duplicate system assigned identifiers
- User deletes one of the system assigned identifiers
- the organization assigned identifier is deleted instead and both system assigned identifiers are still shown

### Comments

Comment by [Kruttik Aggarwal](#) [ Thursday, 22 Oct 2009 05:44 PM ]

The module might still be a little fragile. If the problem persist reopen the bug but if a different problem arise, create a new big with lower priority or reopen the bug under a lower priority.

### Description

-While creating a new study, at step 8 (Companion Study) user is prompted that they may create new Companion Study if one does not exist  
 -If user click on Create Companion Study, there is no way to return to the Create Study flow without losing all entered information  
 -I propose that if the user leaves the Create Study flow to create a Companion Study, the user should be able to pick up where they left off in Create Study - all values that have been entered should be retained

### Comments

Comment by [Wesley Wiggins](#) [ Monday, 23 Nov 2009 11:22 AM ]

Upon further review the application does behave correctly here. User may click 'Close' in the Create Companion pop-up and return to the same place in the Create Study flow without losing any entered information.

Wes

### Description

capture study open date and set it as start date for default study version

### Comments

Comment by [Kruttik Aggarwal](#) [ Wednesday, 21 Oct 2009 02:40 PM ]

Added a temporary fix to capture the open date. Ideally the APIs should change to accommodate the open date. Creating another JIRA task to track it in the next iteration.

Comment by [Kruttik Aggarwal](#) [ Thursday, 29 Oct 2009 03:40 PM ]

Open Date should be captured only for the first time the study is opened.

Comment by IyerKar [ Friday, 23 Oct 2009 12:47 PM ]

Not able to apply amendment due to following issues:

Cannot Open Study. Please review the data.

304:Stratification and/or stratum groups are missing for epoch "Treatment Epoch 1".

310:Book randomization entries are required for epoch "Treatment Epoch 1".

C3pR is behaving correctly.

## [Study Bangathon](#) (CPR-949)

 [CPR-1005] [calendar icon not working on study site activate error](#) Created: Sunday, 11 Oct 2009 Updated: Thursday, 17 Dec 2009 Resolved: Wednesday, 4 Nov 2009

Status:	Closed
Project:	<a href="#">C3PR</a>
Component/s:	<a href="#">Web</a>
Affects Version/s:	<a href="#">2.7</a>
Fix Version/s:	<a href="#">2.8</a>

Type:	Sub-Task	Priority:	Major
Reporter:	Anonymous	Assignee:	Unassigned
Resolution:	Fixed	Votes:	0
Labels:	None		
Remaining Estimate:	Not Specified		
Time Spent:	Not Specified		
Original Estimate:	Not Specified		
Environment:	Build Number: c3pr v. 2.7.2.0, qa, FF3		

Status:	Closed
---------	--------

### Description

- User is in manage study>>sites
- User adds a new study site and enter invalid IRB approval date
- Error message is shown for incorrect IRB approval date
- User clicks calendar icon to set IRB approval date, but the pop up does not work

## Study Bangathon (CPR-949)

↳ [CPR-1004] **User can activate new study version on study site when site is closed** Created: Sunday, 11 Oct 2009 Updated: Thursday, 29 Oct 2009 Resolved: Monday, 12 Oct 2009

Status:	Closed
Project:	<a href="#">C3PR</a>
Component/s:	<a href="#">Web</a>
Affects Version/s:	<a href="#">2.7</a>
Fix Version/s:	<a href="#">2.8</a>

Type:	Sub-Task	Priority:	Major
Reporter:	Anonymous	Assignee:	Unassigned
Resolution:	Cannot Reproduce	Votes:	0
Labels:	None		
Remaining Estimate:	Not Specified		
Time Spent:	Not Specified		
Original Estimate:	Not Specified		
Environment:	Build Number: c3pr v. 2.7.2.0, qa, FF3		

Status:	Closed
---------	--------

### Description

#### Scenario

User creates a new study amendment. In manage study>>sites, user closes study site  
Expected

Study site is closed and the activate study site button is not shown

#### Actual

activate study site button is shown and user can activate closed study site.

### Comments

Comment by [MANAV KHER](#) [ Monday, 12 Oct 2009 04:40 PM ]

This is invalid bug, if study site is in temporary close status it can be activated again, hence working as designed

## Study Bangathon (CPR-949)

↳ [CPR-1003] [able to close already closed study site](#) Created: Sunday, 11 Oct 2009 Updated: Tuesday, 22 Dec 2009 Resolved: Monday, 2 Nov 2009

Status:	Closed
Project:	<a href="#">C3PR</a>
Component/s:	<a href="#">Web</a>
Affects Version/s:	<a href="#">2.7</a>
Fix Version/s:	<a href="#">2.8</a>

### Description

#### Scenario

User amends a new study. A pop appears to confirm amendment of study. User clicks OK.

#### Expected

New amendment is successfully created.

#### Actual

error page is shown:

HTTP Status 500 -

type Exception report

message

description The server encountered an internal error () that prevented it from fulfilling this request.

## Study Bangathon (CPR-949)

↳ [CPR-992] [Error page when amendment date is set before study creation date in amend study flow](#) Created: Friday, 9 Oct 2009 Updated: Thursday, 29 Oct 2009 Resolved: Monday, 12 Oct 2009

Status:	Closed
Project:	<a href="#">C3PR</a>
Component/s:	<a href="#">Web</a>
Affects Version/s:	<a href="#">2.7</a>
Fix Version/s:	<a href="#">2.7</a>

Type:	Sub-Task	Priority:	Major
Reporter:	Anonymous	Assignee:	<a href="#">MANAV KHER</a>
Resolution:	Duplicate	Votes:	0
Labels:	None		
Remaining Estimate:	Not Specified		
Time Spent:	Not Specified		
Original Estimate:	Not Specified		
Environment:	c3pr v2.7.2.0, qa, IE 7		

Status:	Closed
Ranking:	1423

### Description

#### Scenario

User is in amend study>>amendments. user sets an amendment date that is before the study creation date and cli

#### Expected

C3PR gives error for invalid amendment date.

#### Actual

Following error page is shown:

type Exception report

message

description The server encountered an internal error () that prevented it from fulfilling this request.

### Description

- User is in manage investigator page
- User searches for an investigator
- the table shows heading for NCI identifier
- Where is this picked up from
- See screenshot

### Comments

Comment by [Kruttik Aggarwal](#) [ Tuesday, 10 Nov 2009 10:53 AM ]

Nci Identifier column will be populated for COPPA entites. This is the value that COPPA assigns to each organization.

Comment by [Wesley Wiggins](#) [ Monday, 12 Oct 2009 12:47 PM ]

-I attempted to create an investigator "Don7 Quixote7"  
-I entered duplicate Organization with duplicate Status  
-I got the error referenced in the main task  
-When I searched for Investiagtors under 'Manage Investigators' 'Don7 Quixote7' appeared in the list with no associated Organization

### Description

User cannot view the study sites in the Investigators tab thereby precluding the possibility of adding investigators to the study.

### Comments

Comment by [MANAV KHER](#) [ Friday, 9 Oct 2009 09:29 AM ]

Please mention the role, I am able to see investigators when logged in as super admin. might be security issue.

Comment by [MANAV KHER](#) [ Friday, 9 Oct 2009 09:41 AM ]

This is a security issue, when logged in as admin it works fine,

when logged in as site coordinator on CTEP org, I am not able to see any study site, hence re assigning it to vinay

Comment by [Vinay Gangoli](#) [ Friday, 9 Oct 2009 10:02 AM ]

This is a security issue and not a Investigators functionality issue. There is another bug open for that([CPR-953](#)).

Comment by [Vinay Gangoli](#) [ Friday, 18 Dec 2009 02:46 PM ]

When logged in as a site co-od for the coordinating center, I can see all the sites

When logged in as a site co-od for the study site, I can see only my site

Works as expected.I can edit the other sites information like IRB approval date, which is a different issue.

### Description

Error while adding Study Site in Manage study flow. Clicking on Add Study Site throws a IE pop-up which talks about a calender set up error.  
 Clicking ok on this pop-up gives a hibernate optimistic lock exception.  
 Note that user is able to successfully add the study site on the second attempt.

### Description

Nothing shows up on the stratification tab of the crate study flow.  
When you click the add stratification button it just displays the generate groups button.  
Its critical as this precludes the usage of Book Randomization entries.

### Comments

Comment by [MANAV KHER](#) [ Monday, 12 Oct 2009 08:47 AM ]

After discussion with david, it seems it is related to IE layout issue. Assigning it to David

Comment by CoffeyD [ Friday, 16 Oct 2009 05:09 PM ]

There were 2 bugs on this page. I fixed one issue with the content not appearing, now the problem is the 'Add Stratification Criteria' button does not work. This is a JS issue.

### Description

From KC:

<https://cabig-kc.nci.nih.gov/CTMS/forums/viewtopic.php?f=15&t=205&sid=c900c24af86b768bd4e3fc89dd4735c3>

I've notice a strange behavior when saving incomplete registrations..

I have a study with 5 inclusion, 5 exclusion questions...

- I answer "yes" to all inclusion and "no" to all exclusion
- I click save and exit the registration process by clicking the C3PR logo
- I click on the same registration (top of the "incomplete registrations" list)
- I click on the "2. Eligibility" link

And the answers are completely switched! (All of the answers for inclusion are now on the exclusion list, and vice versa). In fact, at this point in order to make the subject eligible for the study, I have to answer "No" to the inclusion questions and "Yes" to the exclusion questions.

In the database, the answers are stored correctly, however I notice that in "eligibility\_criteria" table the questions are stored exclusion-first. They are correctly marked "E" for exclusions, "I" for inclusion.

In the "subject\_eligibility\_ans" table, the answers for inclusion are stored first, then exclusion. They

have the correct "elgct\_id" numbers associated to the questions in eligibility\_criteria.

I cannot seem to find the offending Controller that is causing the mix-up. The data is stored correctly in the database, but seems to be switched around somehow once Hibernate pulls it into the objects.

If it would help we can schedule a webmeeting to show you screens of what is happening.

### Comments

Comment by IyerKar [ Friday, 23 Oct 2009 04:30 PM ]

The test button in IE 7 is stuck in progress

Comment by [Kruttik Aggarwal](#) [ Monday, 2 Nov 2009 03:37 PM ]

The test button is not really stuck. If you provide an invalid URL, the application tries to connect to it. It takes a fair bit time to timeout and hence you see the rotating icon going on for a very long time. If you wait for the completion, you will see the Test Failed message.

Comment by IyerKar [ Tuesday, 5 Jan 2010 06:04 PM ]

Issue is fixed and closed

#### Description

- user is in manage study flow>>Investigator
- User clicks on create investigator
- User successfully creates investigator
- In the pop up user then clicks edit investigator
- The pop up shows the entire tab stack of c3pr [registration, studies etc]
- This is incorrect
- See screenshot

#### Comments

Comment by [MANAV KHER](#) [ Friday, 21 Aug 2009 09:25 AM ]

Tested it on QA not able to reproduce, please find attached image

Comment by [MANAV KHER](#) [ Friday, 21 Aug 2009 09:31 AM ]

ideally user should not see edit option in popup. hence hiding it for popup

### Comments

Comment by [Vinay Gangoli](#) [ Friday, 20 Nov 2009 03:11 PM ]

You should be entering a number and email address, not dates.  
I have a format check in place for bad data now.

Vinat it seems to be related to nci institute code changes, please have a look.

## C3PR study related issues (CPR-811)

↳ [CPR-815] **Unable to close an open study** Created: Thursday, 20 Aug 2009 Updated: Monday, 21 Dec 2009 Resolved: Tuesday, 3 Nov 2009

Status:	Closed
Project:	<a href="#">C3PR</a>
Component/s:	None
Affects Version/s:	None
Fix Version/s:	<a href="#">2.8</a>

Type:	Sub-Task	Priority:	Major
Reporter:	Anonymous	Assignee:	<a href="#">Kruttik Aggarwal</a>
Resolution:	Fixed	Votes:	0
Labels:	None		
Remaining Estimate:	Not Specified		
Time Spent:	Not Specified		
Original Estimate:	Not Specified		

Status:	Closed
---------	--------

### Description

User is in edit study flow and opens a study.

- User re-enters study flow and in summary tab, clicks 'close study'
- there is no response from the system

### Comments

Comment by [MANAV KHER](#) [ Saturday, 3 Oct 2009 01:48 PM ]

When no option is selected in radio button, it says study closed successfully, but study remains open.

Pop up's have incorrect title, lots of white space in popup.

Comment by IyerKar [ Sunday, 25 Oct 2009 08:46 PM ]

I temporarily closed and open study. All the pop-ups showed up. But when I was back in study summary page, the status still shows as open. Please fix

Comment by [Kruttik Aggarwal](#) [ Tuesday, 3 Nov 2009 09:21 AM ]

The issue was only coming up in IE. I have fixed it.

<https://cabig-kc.nci.nih.gov/CTMS/forums/viewtopic.php?f=15&t=176&sid=90b7de6aba602b18f2f40255f414cdc4>

research\_ staff version keeps incrementing when study is searched resulting in an overflow  
this may also happen when research\_staff is viewed. This may happen even when coppa is disabled

### Comments

Comment by [Ramakrishna Gundala](#) [ Wednesday, 23 Sep 2009 10:44 AM ]

Fixed. To be tested in QA mode

Comment by [IyerKar](#) [ Thursday, 7 Jan 2010 04:44 PM ]

Vinay,  
RK mentioned you would know scenario under which this could be tested. Please describe scenario and re-assign.

Comment by [Vinay Gangoli](#) [ Wednesday, 24 Mar 2010 12:20 PM ]

Karthik,

Pick a research staff say "Adam Voges".

Locate Adam Voges in the research\_staff table and jot down the value in the version column.  
Now simply search for Adam Voges in the search Research Staff page and click on it to see the staff details screen.

Go back to the database and locate Adam Voges in the research\_staff table and see the value in the version column.

It should be the same as the value jotted down earlier. If there is a change then the bug is not fixed.

RK, correct me if my test script above doesn't seem right.

Comment by IyerKar [ Friday, 21 May 2010 05:39 PM ]

Issue is fixed and closed

## Security Implementation Gaps ([CPR-800](#))

**[CPR-777] Study Actions should display a confirmation message with details about the action.** Created: Thursday, 16 Jul 2009 Updated: Monday, 21 Dec 2009 Resolved: Tuesday, 3 Nov 2009

Status:	Closed
Project:	<a href="#">C3PR</a>
Component/s:	<a href="#">Web</a>
Affects Version/s:	<a href="#">Sprint 17</a>
Fix Version/s:	<a href="#">2.8</a>

Type:	Improvement	Priority:	Major
Reporter:	<a href="#">Kruttik Aggarwal</a>	Assignee:	<a href="#">Kruttik Aggarwal</a>
Resolution:	Fixed	Votes:	0
Labels:	None		
Remaining Estimate:	Not Specified		
Time Spent:	Not Specified		
Original Estimate:	Not Specified		

Status:	Closed

### Comments

Comment by IyerKar [ Sunday, 25 Oct 2009 08:43 PM ]

Kruttik,  
Can you mention a scenario against which i can test this. Thanks

Comment by [Kruttik Aggarwal](#) [ Thursday, 29 Oct 2009 05:52 PM ]

Any Study status change actions like 'open', 'close' show alert the user for a confirmation.

Comment by [Kruttik Aggarwal](#) [ Tuesday, 3 Nov 2009 09:24 AM ]

Thats how its behaving at the moment. For 'Open' it doesnt show a message but does ask for an effective date. I guess that ok for now. For closure there is an alert. If you want to capture the missing open alert, then open another bug and put it post 3.0, also make it minor. I guess we are good for 2.8 version.

<b>[CPR-772] <a href="#">Unable to create new organization</a></b>	Created: Tuesday, 14 Jul 2009 Updated: Tuesday, 22 Sep 2009

#### Description

There is no pagination for search studies page. Also, when I search without specifying any search criteria, it is taking a long time to bring back the search results.

#### Comments

Comment by [MANAV KHER](#) [ Monday, 8 Jun 2009 10:58 AM ]

search result takes time if there are lots of studies in the system, we are planning to take care of performance related issues together through the application.

### Description

Currently, we use externalId in the remote entity classes as the unique identifier. In some cases the external Id is null. for example, when we search for research staff associated with organization (NCIMB).

In this case we get a NPE when we click on the imported research staff from the search research staff page.

### Comments

## [Companion Registration](#) (CPR-125)

↳ [CPR-652] [remove the non mandatory companion reg....deleted object would be re-saved by cascade \(remove deleted object from associations\):](#)

[edu.duke.cabig.c3pr.domain.ExclusionEligibilityCriteria#131] Created: Wednesday, 18 Mar

2009 Updated: Wednesday, 6 Jan 2010 Resolved: Tuesday, 24 Nov 2009

Status:	Closed
Project:	<a href="#">C3PR</a>
Component/s:	None
Affects Version/s:	<a href="#">Sprint 12</a>
Fix Version/s:	<a href="#">2.8</a>

Type:	Sub-Task	Priority:	Major
Reporter:	<a href="#">Pankaj Agarwal</a>	Assignee:	<a href="#">Wesley Wiggins</a>
Resolution:	Cannot Reproduce	Votes:	0
Labels:	None		
Remaining Estimate:	0 minutes		
Time Spent:	1 hour		
Original Estimate:	Not Specified		
Environment:	demo instance c3prv2.6		

Status:	Closed

## Comments

Comment by [Pankaj Agarwal](#) [ Wednesday, 18 Mar 2009 12:22 PM ]

consistent with if the non mandatory comp has eligibility criteria

Comment by IyerKar [ Wednesday, 6 Jan 2010 03:53 PM ]

Following scenario was tested as described by himanshu:

Create new study with 2 companion studies.

One is mandatory and one is non-mandatory

All studies should have eligibility, stratifications etc.

delete mandatory companion

You should not get the error page

Comment by IyerKar [ Wednesday, 6 Jan 2010 05:37 PM ]

| cannot add stratification due to CPR-1485

Comment by IyerKar [ Wednesday, 6 Jan 2010 06:35 PM ]

Issue is fixed and closed

## [Companion Registration](#) (CPR-125)

↳ [CPR-651] [random error : on the companion registration pop up ..click save & cont on the stratification page](#) Created: Wednesday, 18 Mar 2009 Updated: Thursday, 31 Dec 2009 Resolved: Thursday, 17 Dec 2009

Status:	Closed
Project:	<a href="#">C3PR</a>
Component/s:	None
Affects Version/s:	<a href="#">Sprint 12</a>
Fix Version/s:	<a href="#">Post 2.9.3</a>

Type:	Sub-Task	Priority:	Major
Reporter:	<a href="#">Pankaj Agarwal</a>	Assignee:	<a href="#">MANAV KHER</a>
Resolution:	Cannot Reproduce	Votes:	0
Labels:	None		
Remaining Estimate:	Not Specified		
Time Spent:	Not Specified		
Original Estimate:	Not Specified		

Status:	Closed
Ranking:	1246

### Description

random error : on the companion registration pop up ..click save & cont on the stratification page

## Comments

Comment by [MANAV KHER](#) [ Thursday, 17 Dec 2009 09:39 AM ]

making resolve, it is very old bug and noit able to re produce.

if this error comes again, please log it with exact steps and study details.

## [Companion Registration](#) (CPR-125)

↳ [CPR-650] [Random error :on companion reg pop up...deleted object would be re-saved by cascade \(remove deleted object from associations\):](#)

[edu.duke.cabig.c3pr.domain.StratificationCriterion#75](#) Created: Wednesday, 18 Mar

2009 Updated: Thursday, 31 Dec 2009 Resolved: Thursday, 17 Dec 2009

## Imports (CPR-132)

↳ [CPR-644] [Cannot import study](#) Created: Friday, 13 Mar 2009 Updated: Wednesday, 23 Sep 2009 Resolved: Wednesday, 23 Sep 2009

Status:	Closed
Project:	<a href="#">C3PR</a>
Component/s:	None
Affects Version/s:	<a href="#">Sprint 12</a>
Fix Version/s:	<a href="#">2.8</a>

Type:	Sub-Task	Priority:	Major
Reporter:	<a href="#">Pankaj Agarwal</a>	Assignee:	<a href="#">Ramakrishna Gundala</a>
Resolution:	Fixed	Votes:	0
Labels:	None		
Remaining Estimate:	Not Specified		
Time Spent:	Not Specified		
Original Estimate:	Not Specified		

Status:	Closed
---------	--------

## Description

Cannot import study

## Comments

Comment by [Ramakrishna Gundala](#) [ Wednesday, 23 Sep 2009 10:31 AM ]

Not relevant now.

**Subject** ([CPR-126](#))

↳ [CPR-643] [identifier with special character](#) Created: Friday, 13 Mar 2009 Updated: Thursday, 29 Oct 2009 Resolved: Tuesday, 20 Oct 2009

Status:	Closed
Project:	<a href="#">C3PR</a>
Component/s:	<a href="#">Web</a>
Affects Version/s:	<a href="#">Sprint 12</a>
Fix Version/s:	<a href="#">2.8</a>

Type:	Sub-Task	Priority:	Minor
Reporter:	<a href="#">MANAV KHER</a>	Assignee:	<a href="#">Kruttik Aggarwal</a>
Resolution:	Fixed	Votes:	0
Labels:	None		
Remaining Estimate:	Not Specified		
Time Spent:	Not Specified		
Original Estimate:	Not Specified		

Status:	Closed
---------	--------

**Description**

create a subject with primary identifier having special character such as & or #, on the confirmation page, primary identifier is not coming properly

**Comments**

Comment by [Kruttik Aggarwal](#) [ Tuesday, 20 Oct 2009 02:52 PM ]

Added a check for special characters in identifier value field.

Comment by IyerKar [ Sunday, 25 Oct 2009 08:40 PM ]

| cannot be checked till [CPR-1129](#) is fixed.

## Study (CPR-122)

↳ [CPR-638] [export study throws LazyInitializationException..study short title "test study sites" on qa oracle](#) Created: Thursday, 12 Mar 2009 Updated: Wednesday, 6 Jan 2010 Resolved: Friday, 20 Nov 2009

Status:	Closed
Project:	<a href="#">C3PR</a>
Component/s:	None
Affects Version/s:	<a href="#">Sprint 12</a>
Fix Version/s:	<a href="#">2.8</a>

Type:	Sub-Task	Priority:	Major
Reporter:	<a href="#">Pankaj Agarwal</a>	Assignee:	<a href="#">Ramakrishna Gundala</a>
Resolution:	Fixed	Votes:	0
Labels:	None		
Remaining Estimate:	0 minutes		
Time Spent:	15 minutes

#### Description

IE Issue: Fix the alignment of the email (Username) in create investigator and research staff pop up

#### Comments

Comment by [Vinay Gangoli](#) [ Wednesday, 11 Mar 2009 12:50 PM ]

This should not be an issue as email address is a mandatory field expected to be provided by COPPA.

Mandatory fields from COPPA is a new discussion altogether but it was decided that its not critical at this point to

worry about alignment issues resulting from missing mandatory fields.

### Comments

Comment by [Pankaj Agarwal](#) [ Wednesday, 11 Mar 2009 02:46 PM ]

Tested in Sprint 12

Comment by [Ramakrishna Gundala](#) [ Friday, 23 Oct 2009 04:07 PM ]

re-opened

Comment by [MANAV KHER](#) [ Friday, 23 Oct 2009 04:16 PM ]

This issue has been fixed and did some testing with RK. Rearranged code also

Comment by IyerKar [ Sunday, 25 Oct 2009 07:43 PM ]

THis issue is still occurring in IE 7

Comment by [MANAV KHER](#) [ Monday, 26 Oct 2009 02:32 PM ]

issue was present only in study site page, added offset of 450 instead of 310, in case any other issue found please log a separate bug for that spfci page, dont reopen this issue.

Comment by IyerKar [ Wednesday, 28 Oct 2009 01:46 PM ]

HImanshu,

Seperate bugs will be logged only if issue is different from this one. This issue was re-opened because issue was not fixed. Closing this since issue is fixed.

### Description

submit appropriate form when user hit enter

### Comments

Comment by [MANAV KHER](#) [ Monday, 16 Mar 2009 12:03 PM ]

this was valid only for create registration flow : select study and participant page, it is fixed.

shilpa, please check for other place if there are any and re open this bug

## Comments

Comment by [Ramakrishna Gundala](#) [ Tuesday, 10 Mar 2009 10:30 AM ]

Will be able to edit subjects imported via import registration from now on

Comment by [Pankaj Agarwal](#) [ Thursday, 12 Mar 2009 04:00 PM ]

Tested in Sprint 12

Comment by [Pankaj Agarwal](#) [ Thursday, 12 Mar 2009 04:07 PM ]

the edit flow is fine for the new subjects but cannot edit the old subjects(that are imported) that are already in the database

Comment by [Ramakrishna Gundala](#) [ Wednesday, 23 Sep 2009 10:22 AM ]

fixed

## [Random Errors](#) (CPR-429)

### [↳\[CPR-524\] RandomError:NullPointerException on save&continue of the study epoch page](#)

Created: Monday, 2 Feb 2009 Updated: Friday, 23 Oct 2009 Resolved: Thursday, 22 Oct 2009

Status:	Closed
Project:	<a href="#">C3PR</a>
Component/s:	None
Affects Version/s:	<a href="#">Sprint 11</a>
Fix Version/s:	<a href="#">2.8</a>

Type:	Sub-Task	Priority:	Major
Reporter:	<a href="#">Pankaj Agarwal</a>	Assignee:	Unassigned
Resolution:	Cannot Reproduce	Votes:	0

### Description

Please reassign this to the appropriate person.

in Edit Study > Epochs & Arms:

When I hover on the hint icon for the 2nd epoch's name field, the hint appears on the field for the previous epoch. It looks like some javascript id issue. See attached screenshot.

## Comments

Comment by [MANAV KHER](#) [ Thursday, 22 Oct 2009 01:57 PM ]

not able to reproduce, it problem appears again, please mention exact scenario and log a new bug

## [CPR-431] [Create client-side validation for workflow forms](#) Created: Thursday, 18 Dec

2008 Updated: Monday, 21 Dec 2009 Resolved: Friday, 2 Oct 2009

Status:	Closed
Project:	<a href="#">C3PR</a>
Component/s:	None
Affects Version/s:	None
Fix Version/s:	<a href="#">2.8</a>

Type:	Improvement	Priority:	Critical
Reporter:	Anonymous	Assignee:	<a href="#">MANAV KHER</a>
Resolution:	Fixed	Votes:	0
Labels:	None		
Remaining Estimate:	Not Specified		
Time Spent:	Not Specified		
Original Estimate:	Not Specified		

Status:	Closed
---------	--------

### Description

No validation exists to see whether all fields that need to be completed have been filled when the user clicks 'continue' or tries to go to another page in a flow. In many cases this causes null exception errors and forces the user to restart the flow. This is not acceptable. An application-wide validation system needs to be developed. This has been done in caAERS. We should look into what they have done.

### Comments

Comment by [MANAV KHER](#) [ Friday, 2 Oct 2009 11:35 AM ]

It has been fixed, we are validation on each page now

Comment by [MANAV KHER](#) [ Monday, 21 Dec 2009 09:39 AM ]

in general this has been fixed, if issue are there in specific slows we need to log them separately

## [Random Errors](#) ([CPR-429](#))

### Description

This is a parent task. All the random bugs should be created as a sub task.

## [CPR-423] Remove Save button under create subject

Created: Monday, 15 Dec 2008 Updated:

Thursday, 17 Dec 2009 Resolved: Tuesday, 10 Nov 2009

Status:	Closed
Project:	<a href="#">C3PR</a>
Component/s:	None
Affects Version/s:	None
Fix Version/s:	<a href="#">2.8</a>

Type:	Improvement	Priority:	Major
Reporter:	Anonymous	Assignee:	<a href="#">Kruttik Aggarwal</a>
Resolution:	Fixed	Votes:	0
Labels:	None		
Remaining Estimate:	Not Specified		
Time Spent:	Not Specified		
Original Estimate:	Not Specified		
Environment:	ALL		

Attachments:	
Status:	Closed

### Description

This came up in the usability tests a while back. We need to remove the save button in the middle of the page. There should only be one save button at the bottom. Please make it so when the save button at the bottom of the page is clicked, it will save the new subject automatically.

### Comments

Comment by [Kruttik Aggarwal](#) [ Tuesday, 10 Nov 2009 11:35 AM ]

Not Applicable anymore since the complete subject creation page has been refactored.

## Study (CPR-122)

↳ [CPR-420] [Remove the clear button next to the autocomplete](#). Created: Friday, 12 Dec 2008 Updated: Monday, 21 Dec 2009 Resolved: Tuesday, 10 Mar 2009

Status:	Closed
Project:	<a href="#">C3PR</a>
Component/s:	None
Affects Version/s:	<a href="#">Sprint 10</a>
Fix Version/s:	<a href="#">Sprint 13</a>

Type:	Sub-Task	Priority:	Minor
Reporter:	<a href="#">Pankaj Agarwal</a>	Assignee:	<a href="#">MANAV KHER</a>
Resolution:	Fixed	Votes:	0
Labels:	None		
Remaining Estimate:	Not Specified		
Time Spent:	Not Specified		
Original Estimate:	Not Specified		

Status:	Closed
Ranking:	1345

### Description

Remove the clear button next to the autocomplete in all the modules.

### Comments

Comment by [Pankaj Agarwal](#) [ Tuesday, 10 Mar 2009 11:55 AM ]

Clear button in study identifiers page

Comment by [Pankaj Agarwal](#) [ Tuesday, 10 Mar 2009 11:57 AM ]

Clear button in investigator groups

## Registration (CPR-124)

↳[CPR-418] **In Any create flow...if double clicked on the save&Continue button....returns to the first page.** Created: Friday, 12 Dec 2008 Updated: Thursday, 29 Oct 2009 Resolved: Thursday, 29 Oct 2009

Status:	Closed
Project:	<a href="#">C3PR</a>
Component/s:	None
Affects Version/s:	<a href="#">Sprint 10</a>
Fix Version/s:	<a href="#">2.8</a>

Time Spent:	Not Specified		
Original Estimate:	Not Specified		

Status:	Closed
---------	--------

### Description

In Create Registration flow ...if double clicked on the save&Continue button....returns to the first page.

Same issue in create study.

### Comments

Comment by [Kruttik Aggarwal](#) [ Tuesday, 20 Oct 2009 03:12 PM ]

We dont allow users to click twice on the save and continue button.

Comment by IyerKar [ Friday, 23 Oct 2009 12:51 PM ]

Kruttik,

This issue is still occurring. So please keep this in your bug list and assign after fixing.

Comment by [Kruttik Aggarwal](#) [ Thursday, 29 Oct 2009 05:57 PM ]

We disable the page with a loading icon. So users cannot click twice on a button in any create flow.

### Description

Registrar is able to view and manage all the tabs in the manage study flow(Study Site,Identifiers,Investigators,Personnel,Notifications).

### Comments

Comment by [Vinay Gangoli](#) [ Monday, 15 Dec 2008 06:00 PM ]

The manage flow needs some security clarification.  
If the following right ?

Admin, Site Coordinator and Study Coordinator can see Manage flow tabs.  
Registrar cannot see the tabs; he/she can only see the summary screen.

Comment by [Vinay Gangoli](#) [ Tuesday, 16 Dec 2008 01:56 PM ]

Confirmed the above.  
Reg should only see summary and registrations.

Comment by [Vinay Gangoli](#) [ Tuesday, 10 Mar 2009 06:05 PM ]

This requires tab level security to be implemented.

Ideally the solution would include making tabs as protection element/group and giving access to it for certain roles based on

csm mappings. Then we just create a tabAuthorizationCheck for csmauthz tag.

This can be handled in the next iteration as a new feature instead of a bug quickfix.

Comment by [Vinay Gangoli](#) [ Wednesday, 7 Apr 2010 05:43 PM ]

Fixed in v2.9

Comment by [IyerKar](#) [ Thursday, 8 Apr 2010 02:30 PM ]

Issue is fixed and closed

FF3 is looking good.

Haven't installed and tested on IE8 yet, however I have been reading about it and keeping up with the news. IE8 will have a 'compatibility mode' feature that will allow you to render your page as if it were in IE7. Ideally we would want to make it work on native IE8 which should be easy, since it is supposed to be more CSS and JS compliant. However any immediate, critical bugs could be suppressed by making it behave like IE7. Also, we need to watch out for our IE conditional CSS which may no longer be necessary in IE8.

Comment by CoffeyD [ [Tuesday, 6 Oct 2009 01:42 PM](#) ]

This is not a specific issue, but rather an ongoing practice. I am resolving this as 'Fixed'. We will be mindful of this forever.

Comment by [MANAV KHER](#) [ Friday, 18 Dec 2009 09:50 AM ]

old bug

## [CPR-333] [Add meaningful messages to the dashboard for empty reportlets](#)

Created: Monday, 20 Oct 2008 Updated: Thursday, 17 Dec 2009 Resolved: Monday, 23 Nov 2009

Status:	Closed
Project:	<a href="#">C3PR</a>
Component/s:	<a href="#">Web</a>
Affects Version/s:	<a href="#">2.5.1</a>
Fix Version/s:	<a href="#">2.8</a>

Type:	Improvement	Priority:	Critical
Reporter:	<a href="#">Kruttik Aggarwal</a>	Assignee:	<a href="#">Kruttik Aggarwal</a>
Resolution:	Fixed	Votes:	0
Labels:	None		
Remaining Estimate:	Not Specified		
Time Spent:	Not Specified		
Original Estimate:	Not Specified		

Status:	Closed
---------	--------

### Description

If there are no pending studies or registration or in general if a reportlet is blank, please add meaningful message saying something like 'there are no pending registrations'.

## [Companion Study](#) (CPR-123)

↳ [CPR-329] [No Duplicate identifiers check in create companion study pop up](#)

Created: Monday, 20 Oct 2008 Updated: Tuesday, 23 Nov 2010 Resolved: Monday, 22 Feb 2010

Status:	Closed
Project:	<a href="#">C3PR</a>
Component/s:	None
Affects Version/s:	<a href="#">2.5.1</a> , <a href="#">2.5.4</a>
Fix Version/s:	<a href="#">Sprint 22 - 02/2010</a>

Type:	Sub-Task	Priority:	Major
Reporter:	<a href="#">Pankaj Agarwal</a>	Assignee:	<a href="#">MANAV KHER</a>
Resolution:	Won't Fix	Votes:	0
Labels:	None

Ranking:	196

### Description

No Duplicate identifiers check in create companion study pop up

### Comments

Comment by [MANAV KHER](#) [ Wednesday, 26 Nov 2008 12:58 AM ]

temp fix, no longer copying identifiers.

Comment by [MANAV KHER](#) [ Monday, 22 Feb 2010 04:51 PM ]

No more valid, we are not using popup to create companion study

## Study (CPR-122)

### [↳\[CPR-314\] Study-Diseases...Change the category auto-completer to dropdown](#)

## Comments

Comment by [Ramakrishna Gundala](#) [ Tuesday, 5 Jan 2010 05:04 PM ]

No Support for SQL SERVER post 2.0.

Will be re-opened once a decision is taken

**[CPR-304] Refactor Study.setStatus method. Try creating distinct methods like Study.openStudy, study.closeStudy etc.** Created: Wednesday, 8 Oct 2008 Updated: Thursday, 17 Dec

2009 Resolved: Wednesday, 5 Nov 2008

Status:	Closed
Project:	<a href="#">C3PR</a>
Component/s:	<a href="#">Core</a>
Affects Version/s:	<a href="#">Sprint 8</a>
Fix Version/s:	<a href="#">Sprint 8</a>

Type:	Improvement	Priority:	Critical
Reporter:	<a href="#">Kruttik Aggarwal</a>	Assignee:	<a href="#">Ramakrishna Gundala</a>
Resolution:	Fixed	Votes:	0
Labels:	None		
Remaining Estimate:	Not Specified		
Time Spent:	Not Specified		
Original Estimate:	Not Specified		

Status:	Closed
Ranking:	48

**Subject** ([CPR-126](#))

[CPR-303] [SQLServer: Cannot create Subject](#) Created: Wednesday, 8 Oct 2008 Updated: Tuesday, 5 Jan 2010 Resolved: Tuesday, 5 Jan 2010

## Comments

Comment by [Pankaj Agarwal](#) [ Tuesday, 13 Jan 2009 01:40 PM ]

Cannot Create Subject in the Create Registration flow

Comment by [Pankaj Agarwal](#) [ Tuesday, 13 Jan 2009 01:41 PM ]

Cannot Create Subject in Create Registration flow (c3prv2.5.4)

Comment by [Wesley Wiggins](#) [ Wednesday, 16 Dec 2009 11:41 AM ]

RK,

I assume this has long been resolved?

Wes

Comment by [Ramakrishna Gundala](#) [ Tuesday, 5 Jan 2010 05:03 PM ]

No support for SQL SERVER post 2.0

A call will be taken soon

### Description

Enhance the confirmation page on companion registration. It becomes scrollable and it might not be usefull either. Instead the popup can be closed and a message can be shown on the register button section.

### Description

As QA already has the CCTS application software installed I will need a 'clean-up' process from each application as to what folder, etc I need to remove prior to installing the latest versions of the applications

If each application area could provide the 'clean-up' instructions for your application by COB Friday, I will begin the latest application install Monday morning

### Description

Providing the ability to add random email addresses to the notifications. i.e. users who don't belong to the hosting organization.

This includes auto-completer code changes to allow user to enter something and not have to select from the suggest list in addition to some back-end work.

Will be addressed in v3.0

## Notifications Use Case ([CPR-19](#))

↳ [CPR-85] [Notification events should be hosting org related.](#) Created: Wednesday, 27 Aug 2008 Updated: Thursday, 17 Dec 2009 Resolved: Monday, 3 Nov 2008

Status:	Closed
Project:	<a href="#">C3PR</a>
Component/s:	None
Affects Version/s:	<a href="#">2.5</a>
Fix Version/s:	<a href="#">Sprint 8</a>

Type:	Sub-Task	Priority:	Major
Reporter:	<a href="#">Vinay Gangoli</a>	Assignee:	<a href="#">Vinay Gangoli</a>
Resolution:	Fixed	Votes:	0
Labels:	None		
Remaining Estimate:	6 hours		
Time Spent:	Not Specified		
Original Estimate:	6 hours		

Status:	Closed
Ranking:	73

### Description

Meaning that if the study status changes send the notification only if the hosting organization is one of the Study Organizations for the study.

Also that the registration event notifications are sent only if the hosting organization is one of the following for the registration:

- > Coordinating center
- > Funding sponsor
- > Study site

## Notifications Use Case (CPR-19)

↳ [CPR-83] [Accrual notifications configured at study level](#) Created: Wednesday, 27 Aug 2008 Updated: Thursday, 17 Dec 2009 Resolved: Wednesday, 8 Oct 2008

Status:	Closed
Project:	<a href="#">C3PR</a>
Component/s:	None
Affects Version/s:	<a href="#">2.5</a>
Fix Version/s:	<a href="#">Sprint 8</a>

Type:	Sub-Task	Priority:	Major
Reporter:	<a href="#">Vinay Gangoli</a>	Assignee:	<a href="#">Vinay Gangoli</a>
Resolution:	Fixed	Votes:	0
Labels:	None		
Remaining Estimate:	1 day		
Time Spent:	Not Specified		
Original Estimate:	1 day		

Status:	Closed
Ranking:	74

### Description

Accrual notifications configured at study level should override the ones at admin level. Currently we only have study accruals in the study flow and not the study Site accruals. Am targeting to include studySite accruals.

<b>Description</b>
I appears that rollback of registration messages may not be displayed to the user (error). Paula has experienced this. We need to investigate and track a fix for CCTS 1.1 release.

### Description

1. Status of their application
2. Version of the application deployed in the dev?
3. Verification that the application is working (basic smoke test)
4. If applications are working (and the development version is same as the one released and in demo) we would like to run through some interoperability scenarios.

### Description

Add a code style report to the build and integrate into Hudson much like we are doing with cobertura. We should have a code style reporting library already identified. Alternatively, feel free to spend a little time investigating them.

### Comments

Comment by [Patrick McConnell](#) [ Thursday, 29 May 2008 10:25 AM ]

Look in build-reports.xml for a target called reports-style. The library is called checkstyle.

### Description

checkout stops at test/.cvsignore files. either you can remove these files or update such that user should be able to checkout the code..

### Comments

Comment by [Ramakrishna Gundala](#) [ Tuesday, 27 May 2008 04:16 PM ]

I was successfully able to check-out the codebase from SVN using tortoise svn client 1.4.1.

It also copied the .cvsignore

Comment by [Ramakrishna Gundala](#) [ Tuesday, 27 May 2008 04:18 PM ]

I was able to successfully check-out.

See the attached screen shot.

Comment by [MANAV KHER](#) [ Thursday, 17 Dec 2009 02:19 PM ]

very old bug and we can checkout codebase using subversion client

### Description

StudyXMLLoaderService

1. importStudy

move it to StudyRepo and change name to buildAndSave study.

2. validate

move it to StudyRepo

3.importStudies

dont move this method anywhere

StudySubjectXMLLoaderServiceImpl

1 validateParticipant

move it to Participant domain object

2. delete validate method

3. importStudySubject  
move it StudySubjectRepo  
4. importStudySubject  
5.importStudySubjects  
dont move it any where

### Description

Search personnel runs case insensitive like matches locally but case-sensitive exact matches against CSM.

### Comments

Comment by [Vinay Gangoli](#) [ Tuesday, 8 Feb 2011 10:57 AM ]

| [CPR-2358](#): CSM searches(fName, lName, email and loginId) are now like searches. Though still case sensitive.

| Case issue will have to be addressed by CSM API.
